# About College Board

College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, College Board was created to expand access to higher education. Today, the membership association is made up of over 6,000 of the world's leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success—including the SAT® and the Advanced Placement® Program. The organization also serves the education community through research and advocacy on behalf of students, educators, and schools.

## Using This Guide

Use this booklet to familiarize yourself with the SAT Subject Tests™. Remember, if you have access to the internet you can find everything in this booklet, including answer explanations for the practice questions, at [SATSubjectTests.org](http://SATSubjectTests.org).

### Know What to Expect

Use the information in this booklet and online to help avoid surprises on test day.

- **Review the equipment you need for each test.** (See “Subject Tests Requiring Special Equipment.”)
- **Learn the test directions.** If you become familiar with the directions now, you’ll leave yourself more time to answer the questions when you take the test. Note that some Subject Tests, such as Chemistry, have special instructions.
- **Review the sample questions.** The more familiar you are with the question formats, the more comfortable you’ll feel when you see similar questions on the actual test.
- **Understand how the tests are scored.** Hard questions count the same as easier questions. You may not be able to complete all the questions in the time given, but it isn’t necessary to get every question correct to receive the highest score for the test. Refer to the next column to learn more about how the tests are scored.
- **Be aware of what you need to know about taking this test. When you register for the tests, you agree to the SAT Terms and Conditions on page 74.**

## Understand the Tests

### What the SAT Subject Tests Measure

The SAT Subject Tests are one-hour-long assessments that give you the opportunity to demonstrate knowledge and showcase achievement in specific subjects. They

provide a fair and reliable measure of your achievement in high school—information that can help enhance your college application.

SAT Subject Tests measure how well you know a particular subject area and your ability to apply that knowledge. SAT Subject Tests aren’t connected to specific textbooks or teaching methods. The content of each test evolves to reflect the latest trends in what is taught in typical high school courses in the corresponding subject.

### How the SAT Subject Tests Are Scored

The total score for each test is on a 200–800 scale in 10-point intervals.

Each test is scored slightly differently depending on how many answer choices there are.

Each correct answer receives one point. Each incorrect answer is subtracted as follows:

- 1/4 point subtracted for each 5-choice question
- 1/3 point subtracted for each 4-choice question
- 1/2 point subtracted for each 3-choice question
- 0 points subtracted for questions you don’t answer

See specific subject sections in this booklet for more information.

### How Colleges Use SAT Subject Test Scores

Colleges use SAT Subject Test scores to gain insight into your academic background and achievement in specific subject areas. They use this information in combination with other factors—high school grades, letters of recommendation, extracurricular activities, essays, etc.—to make admission or placement decisions.

Even if they don't require the tests colleges and universities often review the scores during the application process because they can give a fuller picture of your academic achievement. Many colleges also use Subject Tests for course placement and advising; some schools allow you to place out of introductory courses through submitting scores on certain Subject Tests.

## Which SAT Subject Tests You Should Take

SAT Subject Tests are the only college admission tests where you can choose the subjects you're tested in. You select the Subject Test(s) and can take up to 3 tests in one sitting.

The SAT Subject Tests that you choose to take should be based on the subject areas you enjoy in school and your academic strengths. The tests are a great way to indicate interest in specific majors or programs of study (e.g., engineering, premed, cultural studies).

Certain colleges or programs of study require or recommend specific tests, such as mathematics or science, so it's important to make sure you understand the policies prior to choosing which Subject Tests to take. If you have questions or concerns about admission policies, contact admission officers at individual schools.

## When to Take SAT Subject Tests

Check the recommended preparation guidelines for each Subject Test at [SATSubjectTests.org](http://SATSubjectTests.org) (click on each subject to view) to make sure you've completed the recommended course work. In general, you'll want to take SAT Subject Tests right after you've completed the recommended classes, even in your first or second years of high school, because the material will still be fresh in your mind. For language tests, however, you should consider delaying testing until after you've studied the language for at least 2 years.

Check online to see when the Subject Tests you're interested in are offered. You should also think about college application deadlines. Go to [bigfuture.org](http://bigfuture.org) to look up policies for specific colleges.

## Sending Scores When You Register

When you register, you also have the opportunity to choose up to 4 colleges, universities, or scholarship programs to receive your scores at no further charge. Only your scores from the test date on the registration will be sent, unless you specifically ask to send all your existing SAT® and SAT Subject Test scores.

# Before Test Day

## Testing Accommodations

College Board provides accommodations such as braille, large print, and extended time for students who require them. You must apply for and get College Board approval in advance of the test date when you'll need the accommodations. Requests for accommodations are handled by the Services for Students with Disabilities (SSD) office.

## Applying for Accommodations

Talk to your school's SSD coordinator or your counselor to see if accommodations are appropriate. Your SSD coordinator can submit a request for accommodations online. If you choose to request accommodations without help from your school, download a paper Student Eligibility Form from [collegeboard.org/ssd](http://collegeboard.org/ssd).

You'll receive an SSD eligibility letter indicating what (if any) accommodations you're approved for.

- If you move to a new school after you've been approved for accommodations, tell your new school that you're approved for accommodations.
- Students approved for extended time for specific subject areas only (math, for example) will only get those accommodations in those subject area tests.
- Bring your SSD eligibility letter with you on test day to provide documentation if needed.

## Registering with Accommodations

Your SSD number is located on your SSD Eligibility Letter. You'll need to include this number when you register with accommodations.

If your accommodations aren't approved at the time you're registering:

- Transfer to a later date if accommodations are not approved in time for test day.
- If approved in time for test day, bring a copy of your SSD eligibility letter, along with your photo ID and admission ticket, to the center. If there are enough materials and space, you may be able to test with your approved accommodations.

## The SAT Questionnaire

When you register, you have the opportunity to answer questions about yourself, your educational experience, and your possible plans for after you graduate high school. While you don't have to answer these questions, we strongly recommend that you do. Your responses give your school counselors and college admission officers information they can use to help you plan your future. The more information you provide, the more they can help you.

Your answers to some questions (the questionnaire identifies which ones) won't appear on your score report but will be used by College Board for research and planning.

Your responses, when combined with those of all other students taking the SAT Subject Tests, contribute to an understanding of the academic preparation, extra- and cocurricular involvement, and post-high-school plans of your graduating class, which can help colleges and universities deliver programs and opportunities to serve you and your classmates.

## Score Reporting

Scores are available for free online at [studentscores.collegeboard.org](http://studentscores.collegeboard.org) several weeks after each test is given. You can also get your scores, for a fee, by calling Customer Service (see inside front cover).

## Sending Scores When You Register

When you send scores as part of your test registration, we will send just the scores from that test administration. In all other cases, we'll send all your scores, unless you use Score Choice™.

## Score Choice

Score Choice gives you the option to choose the individual SAT Subject Test scores you send to colleges. With Score Choice, you have an opportunity to show colleges the scores you feel best represent your abilities. Score Choice is optional, so if you don't actively choose to use it when you order additional score reports, all your scores will be sent automatically with your score report. Most colleges only consider your best scores, so you should still feel comfortable reporting scores from all of your tests.

## Student Search Service Program

Nearly 1,900 eligible colleges, universities, scholarships, and other educational programs use our Student Search Service® to connect with students who may be a good match for their school or program. As a result, you may discover colleges or scholarship opportunities you had not previously considered. Student Search Service may also help you start conversations with colleges and scholarship organizations to inform your college planning process.

Key facts about Student Search Service:

- You can join for free and hear from a diverse group of accredited colleges, universities, scholarships, and other nonprofit educational programs, which we refer to as "education organizations." No other organizations or companies are eligible to participate in Student Search Service.
- As part of your SAT registration, you will also have the opportunity to opt-in to Student Search Service. It's entirely up to you whether to opt-in. The service is free to you, but education organizations pay us a licensing fee to use the service. We use those license fees to support our mission-driven work, including providing vouchers so students from lower income families can take the test for free. College Board is a not-for-profit organization.
- Being part of Student Search Service is voluntary and you can opt out at any time. Being contacted by a college or university doesn't mean you've been admitted. You must submit an application to be considered for admission. Student Search Service is simply a way for education organizations to reach prospective students to let them know about the opportunities they offer.

## How Student Search Service Works

- If you opt-in, you may be identified by education organizations as a potential match for their programs and opportunities.
- Education organizations generally look for groups of students based on expected graduation date, where they live, self-reported cumulative grade point average (GPA), test score ranges, intended college major, geography, and other limited parameters. This information comes from your test registration and other information you provide to College Board. It may also include your college list, if you created one, on College Board's college planning website, BigFuture™, at [bigfuture.org](http://bigfuture.org).
- College Board never shares your actual test scores, grades, disability status, parent information, or telephone numbers. Please note that we do share test score ranges and GPA.
- If you have opted-in and match the education organization search criteria, we will provide them your contact information so they can reach out to you by postal mail and/or email about their programs and opportunities. They have to keep your data secure and may not share your data with any third parties (other than service providers to the education organization).

- Colleges and other education organizations send information about things like:
  - ◆ Financial aid, scholarships, or other ways to make college or university more affordable
  - ◆ Details on campus life and student services
  - ◆ Overviews of majors, courses, and degree options
  - ◆ Deadline information
- For more information, visit [studentsearch.collegeboard.org](http://studentsearch.collegeboard.org).

**Opting Out:** If at any time you change your mind and want to stop participating, please visit [studentsearch.collegeboard.org/opt-out](http://studentsearch.collegeboard.org/opt-out) or contact us at [SearchCustomerService@collegeboard.org](mailto:SearchCustomerService@collegeboard.org) or 866-825-8051. Please note that education organizations that have already received your name and other data may continue to send you information. You may contact such organizations directly to opt out of further communications from them.

## Fee Waiver Benefits for Income-Eligible Students

SAT fee waivers are available to low-income students in the U.S. or U.S. territories. U.S. citizens living outside the U.S. may be able to have test fees waived. For more information about eligibility, go to [sat.org/feewaivers](http://sat.org/feewaivers).

Eligible students can use fee waivers to cover 100% of the registration fees for 2 different Subject Test administrations.

- Fee waivers can be used to register for the tests at any time while registration is open for a test date (includes late registration for U.S. centers).
- Fee waiver users can send an unlimited number of additional score reports for no additional fee at any time before graduating from high school.
- Seniors who used a fee waiver to register or order score reports earlier in high school will receive college application fee waivers directly in their online accounts during the fall of their senior year. They can use them to apply to more than 2,000 participating colleges and universities. Counselors can provide printed forms if necessary.
- Fee waiver users can fill out a CSS Profile™ for as many schools as they want for free. These allow students to apply online for nonfederal financial aid from colleges, universities, professional schools, and scholarship programs. See [cssprofile.collegeboard.org](http://cssprofile.collegeboard.org) for more information.

## How to Get Ready for the Tests

### Prepare and Practice for the Tests

- Take challenging classes, study hard, and learn classroom material.
- Visit **SATSubjectTests.org** to access free online practice tools. If you’re preparing to take a Language with Listening Test, ask your counselor to order a free SAT Subject Tests Practice CD from College Board.
- Review the sample questions, test-taking approaches, and recommended study methods in this booklet and online. Look for free answer explanations for the practice questions at [sat.org/stpractice](http://sat.org/stpractice) (under each subject). There, you can find the practice pages for each Subject Test, and download answer explanations for the corresponding practice questions. For science and math subjects, you can also access free video lesson playlists from Khan Academy®.
- Consider reviewing full-length practice tests that appear in the following books, available for purchase in bookstores or online at [store.collegeboard.org](http://store.collegeboard.org):
  - ◆ *The Official Study Guide for All SAT Subject Tests, Second Edition*
  - ◆ *The Official SAT Subject Test Study Guide – Biology*
  - ◆ *The Official SAT Subject Test Study Guide – Chemistry*
  - ◆ *The Official SAT Subject Test Study Guide – Math Level 1*
  - ◆ *The Official SAT Subject Test Study Guide – Math Level 2*
  - ◆ *The Official SAT Subject Test Study Guide – Physics*
  - ◆ *The Official SAT Subject Test Study Guide – U.S. History*
  - ◆ *The Official SAT Subject Test Study Guide – World History*

All guides include full-length, previously administered tests, detailed answer explanations, and tips and approaches to help you prepare for the Subject Tests.

### Plan to Use These Test-Taking Strategies

- **Read carefully.** Consider all the choices in each question to help avoid careless mistakes.
- **Answer the easy questions first.** Work on less time-consuming questions before moving on to the more difficult ones. Questions on each test are generally ordered from easiest to hardest.
- **Eliminate answer choices you know are wrong.** Cross them out in your test booklet so you can clearly see which choices are left.

- **Make educated guesses or skip the question.** If you've eliminated 1 or more choices you know are wrong, guessing is your best strategy. However, if you can't eliminate any of the answer choices, it's best to skip the question. You'll lose partial points for incorrect answers.
- **Use your test book as scratch paper.** Make notes or write down ideas in your test book. What you write in the book won't affect your score.
- **Circle the questions you've skipped.** This will help you keep track of which questions you've skipped.
- **Check your answer sheet regularly.** Make sure you're in the right place.
- **Work at an even, steady pace, and keep track of time.** You're given 1 hour to complete each test.

## On Test Day

### Items to Bring for Testing

#### What to Bring:

- A printed copy of your admission ticket with photo, which is required for entry to the test center
- An acceptable photo ID (Be sure to check online at [sat.org/id](http://sat.org/id) or in the *Student Registration Booklet* about what ID you can use.)
- Two No. 2 pencils that have soft erasers
- An acceptable calculator if taking an SAT Subject Test in Mathematics
- An acceptable CD player if taking a Language with Listening Subject Test

#### Nice to Have:

- A nondigital watch (The testing room will have a clock, but you're allowed to bring a nondigital watch. Smartwatch features and audible alarms are prohibited.)
- A bag or backpack, which must be stored at the front or to the side of the room during testing
- Snacks and drinks, which must be stored under the desk during testing
- Extra batteries and backup equipment

**!** Epinephrine auto-injectors (e.g., EpiPens) are permitted in the testing room without the need for accommodations. If you need one, it must be placed in a clear bag and stored under your desk during testing. For other medical devices, you may need to request an accommodation.

### Mathematics Level 1 or Level 2

See page 71 for more information about acceptable and unacceptable calculators and what to do if your calculator malfunctions.

### Language Tests with Listening

Bring an acceptable CD player to the test center. If you need to purchase or borrow an acceptable CD player, please make arrangements in advance, as these items aren't always readily available.

- Your CD player **MUST** be:
  - ◆ Equipped with earphones. **If the volume on your CD player disturbs other students**, the proctor may ask you to move to another seat.
  - ◆ Portable (handheld).
  - ◆ Battery operated (no power cords are allowed).
- Your CD player should display this  icon.
- You aren't allowed to use a CD player with recording or duplicating capabilities. Portable stereos are also not allowed.

If you encounter problems with your CD, such as occasional skipping, try to work through the problem and keep testing if possible. If necessary, raise your hand and ask the proctor for a replacement CD. If a replacement isn't available, a makeup test will be arranged.

### What Not to Bring

See page 74, Required and Prohibited Items for Testing, for a list of prohibited devices and other aids that you should not bring to the test center.

### Your Rights and Responsibilities

Please read the SAT Terms and Conditions at the back of this booklet for important information about rules and policies you must follow related to taking SAT Subject Tests.

### Taking the Tests

#### Testing Guidelines

- Plan ahead and bring equipment that's in good working order. You can bring backup equipment and extra batteries, but you can't share calculators or CD players with other students. Test center staff won't have extra batteries or calculators.
- When marking answers:
  - ◆ Use a No. 2 pencil with a soft eraser on all parts of the answer sheet. Don't use a pen or mechanical pencil.
  - ◆ Make sure you fill in the entire bubble darkly and completely.
  - ◆ Erase any changes you make as completely as possible.
  - ◆ **Don't try to erase all of your answers.** If you erase all of the answers to one of the tests you take on a given date, all of your tests you take that day will be canceled. Remember you can choose which scores to send to colleges (see Score Choice earlier in this section).

- Store any snacks you bring under your desk. You may only eat snacks during breaks.
- Keep your ID and admission ticket with you at all times, especially if you leave the testing room. You may be asked to show your ID or admission ticket at any time while in the test center. Don't write on the admission ticket.

## Calculator Rules

You may only use certain kinds of calculators as explained in the Mathematics Test portion of this guide.

If you're using a calculator with a large (characters one inch high or more) or raised display that might be visible to other test takers, the proctor may move you to another seat.

## Cancelling Scores

On test day, if you want to cancel your scores, you must cancel scores for ALL SAT Subject Tests you take that day unless your equipment malfunctions. Visit [sat.org/cancel-scores](http://sat.org/cancel-scores) for more information.

If your equipment (calculator or CD player) fails during testing, ask for permission to switch to backup equipment if you have it. You may cancel your score on the mathematics or listening test if you don't have backup equipment. Scores for other SAT Subject Tests you take that day won't be canceled.

## Privacy Policies

**Privacy Policies.** College Board recognizes the importance of protecting your privacy. Please review our privacy policies at [collegeboard.org/privacy-center](http://collegeboard.org/privacy-center) ("Privacy Policies") and the SAT Terms and Conditions on page 74 to understand our collection, use, and disclosure of your personally identifiable information.

## Telemarketing and Internet Scams

We sometimes get reports of phone scams when callers posing as employees of College Board try to sell test preparation products or request sensitive, personally identifying information, such as credit card and Social Security numbers. College Board does not make unsolicited phone calls or send emails to students or families requesting this type of information. This type of activity, known as telemarketing fraud, is a crime. See [collegeboard.org/privacy-policy/security](http://collegeboard.org/privacy-policy/security).

# Literature

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

## Skills Covered

- Interpret themes and meanings of a text
- Understand both denotations and connotations of words in context
- Recognize the structure of a text, including genre, development, and organization
- Respond to a writer's use of language, including diction, imagery, and figurative language, and to its effects on the reader
- Analyze aspects of narration, including narrative voice, tone, and point of view
- Analyze poetry in terms of speaker, audience, occasion, and purpose
- Understand characterization in narrative and dramatic selections

## Recommended Preparation

There's no suggested reading list to prepare for the Literature Subject Test. We recommend:

- Close, critical reading of English and American literature from a variety of historical periods and genres
- Reading of complete novels and plays, not just excerpts
- Understanding of basic literary terminology, such as *speaker, tone, image, irony, alliteration, stanza*
- At least 3 years of literary study at the college-preparatory level
- Independent, critical reading of poetry, prose, and drama

\*The distribution of passages may vary in different versions of the test. The chart above indicates typical or average content.

## Sample Questions

Questions on the Literature Subject Test are presented as sets of questions about reading selections. The directions that follow match those in the test. All questions on the test are multiple-choice questions. For each question choose the BEST response from the 5 choices offered. For these sample materials and for the actual test, the date printed at the end of each passage or poem is the original publication date or, in some cases, the estimated date of composition.

### Directions

This test consists of selections from literary works and questions on their content, form, and style. After reading each passage or poem, choose the best answer to each question and fill in the corresponding bubble on the answer sheet.

**Note:** Pay particular attention to the requirements of questions that contain the words NOT, LEAST, or EXCEPT.

**Questions 1–4.** Read the following passage carefully before you choose your answers.

- By the time the man with the camera had cut across our neighbor's yard, the twins were out of the trees swingin low and Granny was onto the steps, the screen door bammin soft and scratchy against her palms.
- (5) "We thought we'd get a shot or two of the house and everything and then . . ."
- "Good mornin," Granny cut him off. And smiled that smile.
- "Good mornin," he said, head all down the way
- (10) Bingo does when you yell at him about the bones on the kitchen floor. "Nice place you got here, aunty. We thought we'd take a . . ."

"Did you?" said Granny with her eyebrows. Cathy pulled up her socks and giggled.

(15) "Nice things here," said the man buzzin his camera over the yard. The pecan barrels, the sled, me and Cathy, the flowers, the painted stones along the driveway, the trees, the twins, the toolshed.

(20) "I don't know about the thing, the it, and the stuff," said Granny still talkin with her eyebrows. "Just people here is what I tend to consider."

Camera man stopped buzzin. Cathy giggled into her collar.

(25) "Mornin, ladies," a new man said. He had come up behind us when we weren't lookin. "And gents," discoverin the twins givin him a nasty look. "We're filmin for the county," he said with a smile. "Mind if we shoot a bit around here?"

"I do indeed," said Granny with no smile.

(30) Smilin man was smiling up a storm. So was Cathy. But he didn't seem to have another word to say, so he and the camera man backed on out the yard, but you could hear the camera buzzin still.

(35) "Suppose you just shut that machine off," said Granny real low through her teeth and took a step down off the porch and then another.

"Now, aunty," Camera said pointin the thing straight at her.

"Your mama and I are not related."

1. After Granny's "Good mornin" (line 7), the camera man probably behaves as he does because he
  - (A) is made to realize that he is intruding
  - (B) suspects that he is in physical danger
  - (C) hopes to win Granny's affection by appearing at ease
  - (D) is relieved that an adult is present
  - (E) realizes that he is disturbing the tidiness of the yard
2. The tone of "Now, aunty" (line 37) is most accurately described as
  - (A) expectant
  - (B) patronizing
  - (C) accusatory
  - (D) obedient
  - (E) respectful
3. Granny's final comment can best be understood as a
  - (A) reluctant confession

  - (C) witty joke
  - (D) surprising revelation
  - (E) strong rebuke

4. The episode reveals a conflict between

- (A) propriety and impertinence
- (B) virtue and corruption
- (C) kindness and cruelty
- (D) passiveness and aggression
- (E) refinement and grossness

**Questions 5–9.** Read the following excerpt from a poem carefully before you choose your answers.

One summer evening (led by her)<sup>1</sup> I found  
A little boat tied to a willow tree  
Within a rocky cave, its usual home.  
*Line*  
(5) Straight I unloosed her chain, and stepping in  
Pushed from the shore. It was an act of stealth  
And troubled pleasure, nor without the voice  
Of mountain-echoes did my boat move on;  
Leaving behind her still, on either side,  
Small circles glittering idly in the moon,  
(10) Until they melted all into one track  
Of sparkling light. But now, like one who rows,  
Proud of his skill, to reach a chosen point  
With an unswerving line, I fixed my view  
Upon the summit of a craggy ridge,  
(15) The horizon's utmost boundary; for above  
Was nothing but the stars and the grey sky.  
She was an elfin pinnace;<sup>2</sup> lustily  
I dipped my oars into the silent lake,  
And, as I rose upon the stroke, my boat  
(20) Went heaving through the water like a swan;  
When, from behind that craggy steep till then  
The horizon's bound, a huge peak, black and huge,  
As if with voluntary power instinct  
Upreared its head. I struck and struck again,  
(25) And growing still in stature the grim shape  
Towered up between me and the stars, and still,  
For so it seemed, with purpose of its own  
And measured motion like a living thing,  
Strode after me. With trembling oars I turned,  
(30) And through the silent water stole my way  
Back to the covert of the willow tree;  
There in her mooring-place I left my bark,—  
And through the meadows homeward went, in grave  
And serious mood; but after I had seen  
(35) That spectacle, for many days, my brain  
Worked with a dim and undetermined sense  
Of unknown modes of being; o'er my thoughts  
There hung a darkness, call it solitude  
Or blank desertion. No familiar shapes  
(40) Remained, no pleasant images of trees,  
Of sea or sky, no colours of green fields;  
But huge and mighty forms, that do not live  
Like living men, moved slowly through the mind  
By day, and were a trouble to my dreams.

<sup>1</sup>nature

<sup>2</sup>a boat

(1850)

5. The excerpt is best described as
- an enthusiastic celebration of youthful optimism
  - an ironic self-portrait colored by satiric observations
  - an imaginative evocation without didactic intention
  - a symbolic representation of intellectual creativity
  - a narrative episode with philosophical implications
6. In lines 1-7, which of the following devices is used to present nature, the boat, and the mountain echoes?
- Personification
  - Apostrophe
  - Rhyme
  - Paradox
  - Simile
7. In lines 6-7, “the voice/Of mountain-echoes” serves to reinforce the speaker’s sense of
- freedom
  - omnipotence
  - furtiveness
  - enthusiasm
  - despondency
8. At the conclusion of the excerpt, the “huge peak” (line 22) seems to represent which of the following for the speaker?
- An emblem of the beauty of the natural world
  - A figure of undefined and unsettling significance
  - An allegorical representation of sin itself
  - A curious natural phenomenon
  - A trivial figment of the speaker’s imagination
9. Which of the following best describes the change in the outlook of the speaker during the course of this excerpt?
- Naïveté to cynicism
  - Bravery to cowardice
  - Hope to despair
  - Daring to uncertainty
  - Eagerness to sloth

**Questions 10-13.** Read the following poem carefully before you choose your answers.

Poor soul, the centre of my sinful earth,  
 Fenc’d by these rebel pow’rs that thee array,  
 Why dost thou pine within and suffer dearth,  
*Line* Painting thy outward walls so costly gay?  
 (5) Why so large cost, having so short a lease,  
 Dost thou upon thy fading mansion spend?  
 Shall worms, inheritors of this excess,  
 Eat up thy charge? Is this thy body’s end?  
 Then, soul, live thou upon thy servant’s loss,  
 (10) And let that pine to aggravate thy store;  
 Buy terms divine in selling hours of dross;  
 Within be fed, without be rich no more:  
 So shalt thou feed on Death, that feeds on men,  
 And Death once dead, there’s no more dying then.  
 (1609)

10. The dramatic situation in the poem is that of
- a youth speaking to a lover
  - a priest speaking to a sinner
  - a reformer addressing an impoverished person
  - God addressing any human soul
  - an individual addressing his or her own soul
11. In the context of the poem, “Painting thy outward walls so costly gay” (line 4) refers to
- camouflage
  - writing poetry
  - attending to physical appearances
  - pretending to be happy
  - preparations for a celebration
12. The poet signals a major shift at line 9 by changing from
- entirely negative to entirely positive imagery
  - imagery of permanence to imagery of change
  - direct address to impersonal statement
  - material to spiritual imagery
  - questions to commands
13. Which of the following best describes the theme of the concluding couplet (lines 13-14)?
- A confession of sin before an almighty judge
  - An affirmation of the immortality of the soul
  - A declaration of rebellion against the powers of fate
  - An accusation that death is a faithless servant
  - A surrender to the inexplicable nature of life

## ANSWERS

The difficulty of sample Literature questions is reported by the set only. (The complexity of a literary text often influences the difficulty of the questions asked about it.) Questions 1–4 overall are an easy set, questions 5–9 overall are a set of average difficulty, and questions 10–13 overall are a hard set.

1. A	4. A	7. C	10. E	13. B
2. B	5. E	8. B	11. C	
3. E	6. A	9. D	12. E	

Answer explanations for these practice questions are available online. Visit [SATSubjectTests.org/literatureanswers](http://SATSubjectTests.org/literatureanswers) to view and download the complete document.

# United States History

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it's not necessary to get every question correct to get a high score or even the highest score on the test.

## Skills Covered in the Context of United States History

- Understand historical terms, concepts, and generalizations.
- Recall historical information and chronology.
- Understand significant aspects of U.S. history.
- Analyze and interpret primary sources.
- Relate ideas to charts, maps, and graphs.
- Evaluate sources for a given purpose.

## Recommended Preparation

- One-year comprehensive course in United States history at the college-preparatory level
- Social studies courses and outside reading

FORMAT/CONTENT	Approximate % of Test
90 multiple-choice questions	
<b>Material Covered*</b>	
Political history	31%–35%
Economic history	13%–17%
Social history	20%–24%
Intellectual and cultural history	13%–17%
Foreign policy	13%–17%
<b>Periods Covered</b>	
Pre-Columbian history to 1789	20%
1790–1898	40%
1899 to the present	40%

\*Social science concepts, methods, and generalizations are incorporated in this material.

## Sample Questions

All questions in the U.S. History Subject Test are multiple-choice questions. For each question, choose the BEST response from the 5 choices offered. The directions that follow match those on the test.

### Directions

Each of the questions or incomplete statements below is followed by five suggested answers or completions. Select the one that is BEST in each case and then fill in the corresponding bubble on the answer sheet.

1. Which of the following best describes the pattern of immigration into Britain's North American colonies during the years 1620 to 1770?
  - (A) Largely English in the seventeenth century, non-English in the eighteenth century
  - (B) Chiefly of English origin during the whole period
  - (C) Largely non-English in the seventeenth century, English in the eighteenth century
  - (D) Predominantly from southern and eastern Europe, especially after 1700
  - (E) Predominantly from Asia, Africa, and Spanish America, especially after 1650
2. The encomienda system in the Spanish North American colonies included doing all of the following EXCEPT
  - (A) coercing Native Americans to provide labor
  - (B) granting estates to Spanish settlers
  - (C) exacting tribute in goods
  - (D) converting Native Americans to Christianity
  - (E) delegating authority to joint-stock companies
3. Which of the following statements is generally true of the framers of the Constitution?
  - (A) They believed in the supremacy of the executive branch of the federal government.
  - (B) They had great faith in the goodness and rationality of people.
  - (C) They were opposed to the development of political parties.
  - (D) They incorporated into the Constitution the most democratic ideals of the Declaration of Independence.
  - (E) They believed the new American republic would be stable because of the unanimity of public opinion in the country on major policy issues.

4. “What is man born for but to be a reformer, a remaker of what man has made; a renouncer of lies; a restorer of truth and good, imitating that great Nature which embosoms us all, and which sleeps no moment on an old past, but every hour repairs herself, yielding every morning a new day, and with every pulsation a new life?”

These sentiments are most characteristic of

- (A) fundamentalism
  - (B) Social Darwinism
  - (C) pragmatism
  - (D) neoorthodoxy
  - (E) transcendentalism
5. From 1870 to 1930, the trend in industry was for hours to be generally reduced, while both money wages and real wages rose. What factor was primarily responsible for this trend?
- (A) A reduction in profit margins
  - (B) Minimum-wage laws
  - (C) Restriction of the labor supply
  - (D) Increased output per hour of work
  - (E) Right-to-work legislation
6. All of the following are true of the movement to prohibit alcoholic beverages in the United States EXCEPT:
- (A) It arose quite suddenly amid the hysteria surrounding the First World War.
  - (B) It won the support of many progressive reformers.
  - (C) It was often favored by people who disliked immigrants and their cultural practices.
  - (D) It was a movement in which women played leading roles.
  - (E) It gained strength from new scientific evidence that alcohol was harmful to health.
7. The slogan “Fifty-four forty or fight!” was used to advocate which of the following United States foreign policies?
- (A) Extending the United States northern border with British Canada to the Pacific Coast
  - (B) Enforcing the return of enslaved people who escaped to northern states
  - (C) Acquiring all of Texas, not just the area north of the Nueces River
  - (D) Obtaining control of all the Oregon Territory from Great Britain
  - (E) Preventing further attempts at European colonization in the Western Hemisphere

8. Which of the following was symbolic of the rise of American influence in the fine arts after the Second World War?
- (A) Mary Cassatt’s work in Impressionism
  - (B) Thomas Eakin’s work in Realism
  - (C) Grant Wood’s work in Regionalism
  - (D) Jackson Pollock’s work in Abstract Expressionism
  - (E) John S. Copley’s work of realistic portraiture
9. Major population shifts between 1915 and 1980 included all of the following EXCEPT a movement from
- (A) the rural South to Northern cities
  - (B) New England to the Midwest
  - (C) the North to the Sun Belt
  - (D) the inner cities to the suburbs
  - (E) the Caribbean region to the American mainland
10. Which of the following presidents is correctly paired with an event that took place during his administration?
- (A) Lyndon B. Johnson . . . the establishment of diplomatic relations between the United States and the People’s Republic of China
  - (B) John F. Kennedy . . . resolution of the Suez Crisis
  - (C) Richard M. Nixon . . . the reduction of United States forces in Vietnam
  - (D) Gerald R. Ford . . . the signing of the Camp David Accords
  - (E) Jimmy Carter . . . resolution of the Cuban Missile Crisis
11. The Emancipation Proclamation declared slaves in which of the following areas “forever free”?
- (A) All areas of the United States
  - (B) All areas of the Confederacy
  - (C) Areas in border states loyal to the Union
  - (D) Confederate areas still in rebellion
  - (E) Areas in states controlled by Union forces
12. “The point I wish plainly to bring before you on this occasion is the individuality of each human soul; our Protestant idea, the right of individual conscience and judgment; our republican idea, individual citizenship. . . . If we consider [a woman] as a citizen, as a member of a great nation, she must have the same rights as all other members, according to the fundamental principles of our government.”
- The statement above was made by
- (A) Thomas Jefferson
  - (B) Elizabeth Blackwell
  - (C) Henry David Thoreau
  - (D) Margaret Sanger
  - (E) Elizabeth Cady Stanton

13. Which of the following contributed most directly to the increase in segregation and disenfranchisement of African Americans by state governments during the late nineteenth and early twentieth centuries?

- (A) The movement of many African Americans from the rural South to the urban North
- (B) The Supreme Court's decision in *Plessy v. Ferguson*
- (C) The establishment of civil rights advocacy groups such as the NAACP
- (D) The passage of federal civil rights legislation in 1875
- (E) The establishment of schools and colleges serving African Americans

14. A major change brought about by Franklin D. Roosevelt's New Deal, 1933–1939, was the

- (A) creation of machinery for maintaining full employment
- (B) transformation of a business-dominated society into a labor-dominated one
- (C) redistribution of population from urban centers to rural areas
- (D) development of new attitudes about the role and function of government
- (E) destruction of machine politics at the state and city levels

## Sample Questions

All questions in the World History Subject Test are multiple-choice questions. For each question, choose the BEST response from the 5 choices offered. The directions that follow match those that are on the test.

### Directions

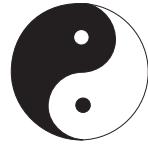

Each of the questions or incomplete statements below is followed by five suggested answers or completions. Select the one that is BEST in each case and then fill in the corresponding bubble on the answer sheet.

1. Which of the following was an important virtue in Confucianism?
  - (A) Warlike prowess
  - (B) Filial piety
  - (C) Public charity
  - (D) Poverty
  - (E) Manual labor
2. Early Christians developed the monastic ideal as a means of counteracting
  - (A) government interference
  - (B) heresy
  - (C) competition from Eastern religions
  - (D) worldliness
  - (E) persecution
3. The Silk Routes were important in ancient times because they
  - (A) facilitated the exchange of goods and ideas between China and the Roman Empire
  - (B) allowed gold and silver mined in China to be traded for European furs and wool cloth
  - (C) provided trade links between the people of Siberia and the people living on islands in the Bering Sea
  - (D) provided a conduit for trade in silk, porcelain, and costly gems between China and Japan
  - (E) allowed carts and carriages to travel on paved roads across northern Asia as far west as the Caspian Sea

4. The bronze plaque shown above was created in
- (A) Italy
  - (B) Central Asia
  - (C) Arabia
  - (D) West Africa
  - (E) China
5. Which of the following was characteristic of the physical environments of early river-valley civilizations in the Near East?
- (A) Cool summer temperatures encouraged the production of grain crops.
  - (B) Tropical forests along the riverbanks provided the population with most of its food.
  - (C) The rivers maintained a steady flow year-round, fed by melting mountain glaciers.
  - (D) The rivers flowed through deep mountain valleys, which sheltered early civilizations.
  - (E) Rainfall was low, requiring irrigation of crops with river water.

6. The ancient Chinese symbol of the universe shown above represents
- (A) the theory that everything consists of opposite but complementary elements
  - (B) the Zen concept of unity in artistic expression
  - (C) Buddha's vision of the perfect shape
  - (D) a dualism in which everything is in conflict, and nothing can be resolved
  - (E) the moral principles of Confucius

7. In the map above, the numbered dots correspond to cities. In the eighth century, which cities were near the east-west limits of the Islamic world?
- (A) 1 and 7
  - (B) 1 and 9
  - (C) 2 and 6
  - (D) 2 and 8
  - (E) 5 and 7
8. The *encomienda* system of colonial Spanish America most closely resembled the European practice of
- (A) absolutism
  - (B) primogeniture
  - (C) patronage
  - (D) manorialism
  - (E) nepotism
9. In early modern Europe, governments sought to increase national wealth and maintain a favorable balance of trade through government intervention by advocating
- (A) Liberalism
  - (B) Capitalism
  - (C) Socialism
  - (D) Utilitarianism
  - (E) Mercantilism

10. “Where it is an absolute question of the welfare of our country, we must admit of no considerations of justice or injustice, or mercy or cruelty, or praise or ignominy, but putting all else aside must adopt whatever course will save its existence and preserve its liberty.”

The statement above expresses the viewpoint of which of the following?

- (A) Niccolò Machiavelli
- (B) Sir Thomas More
- (C) Desiderius Erasmus
- (D) Dante Alighieri
- (E) John Calvin

11. Social Darwinists such as Herbert Spencer argued that

- (A) competition allows individuals to develop their talents and meet their needs
- (B) competition and cooperation are equally important in building a productive and compassionate society
- (C) human societies progress through competition, since the strong survive and the weak perish
- (D) human societies progress through cooperation, a natural instinct that should be encouraged
- (E) God predetermines that some members of society are fated to succeed and some members are fated to fail

12. Differences between which two religions contributed to violent conflicts in India during and after the struggle for independence in 1947?

- (A) Hinduism and Buddhism
- (B) Islam and Christianity
- (C) Hinduism and Islam
- (D) Islam and Buddhism
- (E) Hinduism and Jainism

13. Most of the noncitizens who settled in Western European countries in the second half of the twentieth century originally came to Western Europe to

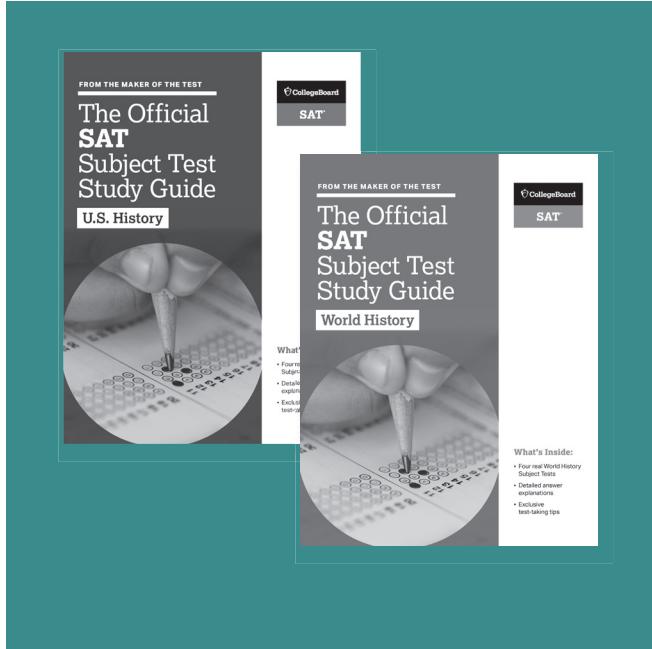

- (A) consolidate the European Economic Community agreements
- (B) find employment
- (C) do graduate work in the universities
- (D) participate in the democratic political process
- (E) avoid forced military conscription in their native land

# Mathematics Level 1 and Level 2

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

## Recommended Preparation

### Mathematics Level 1

- Three years of college-preparatory mathematics, including 2 years of algebra and 1 year of geometry.

### Mathematics Level 2

- More than 3 years of college-preparatory mathematics, including 2 years of algebra, 1 year of geometry, and elementary functions (precalculus) and/or trigonometry.
- If you have had preparation in trigonometry and elementary functions and have attained grades of B or better in these courses, select Level 2. If you are sufficiently prepared to take Level 2 but take Level 1 in hopes of receiving a higher score, you may not do as well as you expect.

## Scores

The content of the 2 tests is different enough that you can't use results on 1 test to predict how you'll do on the other test. You also shouldn't compare scores between the 2 math tests.

## Calculators

Be sure to bring a calculator to use on the Mathematics tests. If you take these tests without a calculator, you will be at a disadvantage. In fact, some questions can't be solved without a scientific or a graphing calculator. Check page 71 for Acceptable and Unacceptable Calculators.

- Verify that your calculator is in good working condition before you take the test.
- If possible, bring batteries and a backup calculator to the test center. No substitute calculators or batteries will be available. Students may not share calculators.
- If your calculator malfunctions during the test and you don't have a backup calculator, you can cancel scores on just the Mathematics Test. You must tell the proctor when the malfunction occurs in order to cancel scores on these tests only.

\*The content of Level 1 overlaps somewhat with that on Level 2, but the emphasis on Level 2 is on more advanced content. Plane Euclidean geometry is not tested directly on Level 2.

## Using the Calculator

You don't need to use a calculator to solve every question, and it's important to know when and how to use one. First decide how you will solve a problem; then determine whether the calculator is needed.

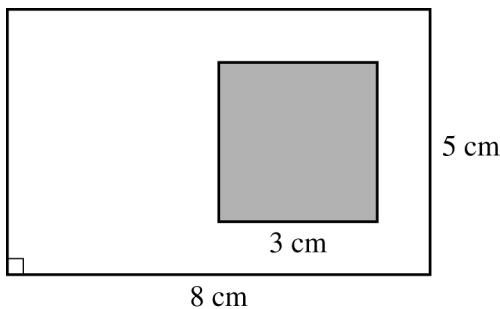

- You'll need a calculator for 40 to 50 percent of the questions on Level 1 and for 55 to 65 percent of the questions on Level 2. For the rest of the questions, there's no advantage, perhaps even a disadvantage, to using a calculator.
- **Don't round any intermediate calculations.** When you get a result from the calculator for the first step of a solution, keep the result in the calculator and use it for the second step. If you round the result from the first step, your answer may not be one of the choices.

## Geometric Figures

Figures shown with problems provide information useful in solving the problems. They are drawn as accurately as possible EXCEPT if you see the text “Note: Figure not drawn to scale.” This means that degree measures may not be accurately shown and specific lengths may not be drawn in the correct proportions. In such cases, the relative positions of points and angles will still be in the correct order. You can also assume that line segments that extend through points and appear to lie on the same line are on the same line.

## Geometric Probability

In any problem involving geometric probability, the assumption is the feasible region is a part of the sample space. Example:

The figure above is a rectangular game board. What is the probability of randomly throwing a dart at the board such that it lands within the shaded square, assuming that the dart always lands within the boundary of the game board? (Answer:  $\frac{9}{40}$ )

The assumption is that the point inside the shaded square can be located anywhere in the region with the same probability.

## Measures of Center

- The **mean** of a list of  $n$  numbers is equal to the sum of the numbers divided by  $n$ .
- The **median** of a list of numbers is the number in the middle when the numbers are ordered from least to greatest or from greatest to least. When there is an even number of values, the median is equal to the mean of the two middle numbers.
- A **mode** of a list of numbers is a number that occurs most often in the list. For example, 7 is the mode of 2, 7, 5, 8, 7, and 12. The list 2, 4, 2, 8, 2, 4, 7, 4, 9, and 11 has two modes, 2 and 4.

## Calculating Quartiles

1. Arrange the data in order from least to greatest. The median of the data is the **second quartile**, Q2.
2. Now consider the lower half of the data. The median of these data is the **first (lower) quartile**, Q1.\*
3. Next, consider the upper half of the data. The median of these data is the **third (upper) quartile**, Q3.\*
4. Finally, the **interquartile range** (IQR) is equal to  $Q3 - Q1$ .

\*Note: If the number of data points is odd, exclude Q2, the median of the entire data set, before separating it into halves to calculate Q1 or Q3.

Example: Consider the list 1, 2, 4, 5, 5, 5, 5, 7, and 9. The mean is  $\frac{43}{9}$ . The mode is 5. Q1 is 3. Q2, the median, is 5. Q3 is 6. The IQR is 3.

## Sample Questions

All questions in the Mathematics Level 1 and Mathematics Level 2 Subject Tests are multiple-choice questions. For each question, choose the BEST response from the 5 choices offered. The directions for the tests are below:

### Directions

For each of the following problems, decide which is the **BEST** of the choices given. If the exact numerical value is not one of the choices, select the choice that best approximates this value. Then fill in the corresponding bubble on the answer sheet.

**Notes:** (1) A scientific or graphing calculator will be necessary for answering some (but not all) of the questions in this test. For each question you will have to decide whether or not you should use a calculator.

(2) Level 1: The only angle measure used on this test is degree measure. Make sure your calculator is in the degree mode.

Level 2: For some questions in this test you may have to decide whether your calculator should be in the radian mode or the degree mode.

(3) Figures that accompany problems in this test are intended to provide information useful in solving the problems. They are drawn as accurately as possible EXCEPT when it is stated in a specific problem that its figure is not drawn to scale. All figures lie in a plane unless otherwise indicated.

(4) Unless otherwise specified, the domain of any function  $f$  is assumed to be the set of all real numbers  $x$  for which  $f(x)$  is a real number. The range of  $f$  is assumed to be the set of all real numbers  $f(x)$ , where  $x$  is in the domain of  $f$ .

(5) Reference information that may be useful in answering the questions in this test can be found before Question 1.

**Reference Information.** The following information is for your reference in answering some of the questions in this test.

Volume of a right circular cone with radius  $r$  and

$$\text{height } h: V = \frac{1}{3}\pi r^2 h$$

Volume of a sphere with radius  $r$ :  $V = \frac{4}{3}\pi r^3$

Volume of a pyramid with base area  $B$  and height  $h$ :

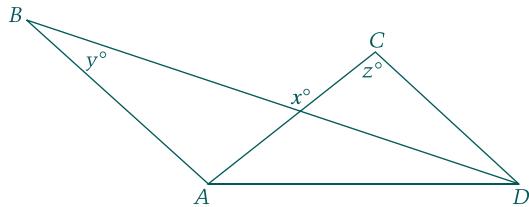

$$V = \frac{1}{3}Bh$$

Surface Area of a sphere with radius  $r$ :  $S = 4\pi r^2$

## **Mathematics Level 1**

1. A band wants to distribute its music on compact discs (CDs). The equipment to produce the CDs costs \$250, and blank CDs cost \$5.90 for a package of 10. Which of the following represents the total cost, in dollars, to produce  $n$  CDs, where  $n$  is a multiple of 10?

(A)  $(250 + 0.59)n$       (B)  $250 + 0.59n$   
(C)  $(250 + 5.90)n$       (D)  $250 + 5.90n$   
(E)  $250n + 5.90$

2. In the figure above,  $\overline{AB}$  and  $\overline{CD}$  are parallel. What is  $x$  in terms of  $y$  and  $z$ ?

(A)  $y + z$   
(B)  $2y + z$   
(C)  $2y - z$   
(D)  $180 - y - z$   
(E)  $180 + y - z$

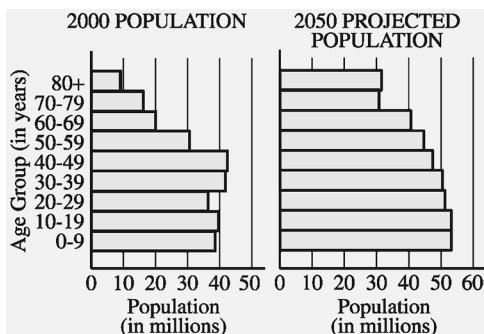

3. A number  $n$  is increased by 8. If the cube root of that result equals  $-0.5$ , what is the value of  $n$ ?

(A)  $-15.625$   
(B)  $-8.794$   
(C)  $-8.125$   
(D)  $-7.875$   
(E)  $421.875$

5. What are all values of  $x$  for which  
 $4 - x^2 \geq x - 2$ ?

(A)  $x \geq -3$       (B)  $-5 \leq x \leq 0$   
 (C)  $-3 \leq x \leq 2$     (D)  $x \leq -3$  or  $x \geq 2$   
 (E)  $-2 \leq x \leq 3$

6. The graphs above show United States Census Bureau population figures for the year 2000 for various age groups, together with projections for the year 2050. Of the following age groups, for which is the projected percent increase in population from 2000 to 2050 greatest?

(A) 30–39      (B) 40–49      (C) 50–59  
 (D) 60–69      (E) 70–79

7. If  $\log_c a = x$ , which of the following must be true?

(A)  $a^c = x$       (B)  $a^x = c$       (C)  $c^a = x$   
 (D)  $c^x = a$       (E)  $x^c = a$

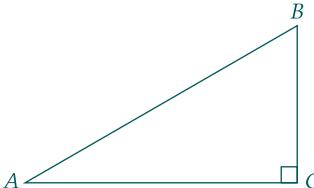

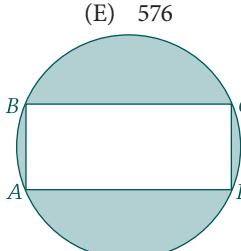

8. If  $f(x) = x + 3$  and  $g(x) = \frac{x^2 - 9}{x - 3}$ , which of the following statements are true about the graphs of  $f$  and  $g$  in the  $xy$ -plane?

  - The graphs are exactly the same.
  - The graphs are the same except when  $x = 3$ .
  - The graphs have an infinite number of points in common.

(A) I only      (B) II only      (C) III only  
 (D) I and III      (E) II and III

9. If line  $\ell$  is the perpendicular bisector of the line segment with endpoints  $(2, 0)$  and  $(0, -2)$ , what is the slope of line  $\ell$ ?

(A) 2      (B) 1      (C) 0  
 (D) -1      (E) -2

10. Twenty students have each sampled one or more of three kinds of candy bars that a school store sells. If 3 students have sampled all three kinds, and 5 have sampled exactly two kinds, how many of these students have sampled only one kind?
- (A) 8      (B) 12      (C) 15  
 (D) 17      (E) 18
-   
 Note: Figure not drawn to scale.
11. In the figure above,  $\triangle ABC$  has a right angle at  $C$ . If the length of side  $\overline{AC}$  is 10 and the measure of  $\angle BAC$  is  $22^\circ$ , what is the length of side  $\overline{BC}$ ?
- (A) 3.7      (B) 4.0      (C) 5.8  
 (D) 6.8      (E) 9.3
12. The function  $h$  given by  $h(t) = -16t^2 + 46t + 5$  represents the height of a ball, in feet,  $t$  seconds after it is thrown. To the nearest foot, what is the maximum height the ball reaches?
- (A) 5      (B) 23      (C) 35  
 (D) 38      (E) 46
13. The front, side, and bottom faces of a rectangular solid have areas of 24 square centimeters, 8 square centimeters, and 3 square centimeters, respectively. What is the volume of the solid, in cubic centimeters?
- (A) 24      (B) 96      (C) 192  
 (D) 288      (E) 576
- 
14. Rectangle  $ABCD$  is inscribed in the circle shown above. If the length of side  $\overline{AB}$  is 5 and the length of side  $\overline{BC}$  is 12, what is the area of the shaded region?
- (A) 40.8      (B) 53.1      (C) 72.7  
 (D) 78.5      (E) 81.7
15. If  $f(x) = x^4 - 3x^3 - 9x^2 + 4$ , for how many real numbers  $k$  does  $f(k) = 2$ ?
- (A) None      (B) One      (C) Two  
 (D) Three      (E) Four
- | Time $t$ (years)       | 0      | 1      | 2      | 5     |
|------------------------|--------|--------|--------|-------|
| Value $v(t)$ (dollars) | 15,000 | 13,000 | 10,900 | 3,000 |
16. When purchased, an automobile is valued at \$15,000. Its value depreciates at the rate shown in the table above. Based on a least-squares linear regression, what is the value, to the nearest hundred dollars, of the automobile when  $t = 4$ ?
- (A) \$5,400      (B) \$5,500      (C) \$5,600  
 (D) \$6,400      (E) \$7,000

## Mathematics Level 2

17. What is the distance in space between the points with coordinates  $(-3, 6, 7)$  and  $(2, -1, 4)$ ?
- (A) 4.36      (B) 5.92      (C) 7.91  
 (D) 9.11      (E) 22.25
18. If  $f(x) = \frac{3x+12}{2x-12}$ , what value does  $f(x)$  approach as  $x$  gets infinitely larger?
- (A) -6      (B)  $-\frac{3}{2}$       (C) -1  
 (D)  $\frac{2}{3}$       (E)  $\frac{3}{2}$
19. In January 1990 the world's population was 5.3 billion. Assuming a growth rate of 2 percent per year, the world's population, in billions, for  $t$  years after 1990 can be modeled by the equation  $P = 5.3(1.02)^t$ . According to the model, the population growth from January 1995 to January 1996 was
- (A) 106,000,000  
 (B) 114,700,000  
 (C) 117,000,000  
 (D) 445,600,000  
 (E) 562,700,000
20. What is the measure of one of the larger angles of a parallelogram in the  $xy$ -plane that has vertices with coordinates  $(2, 1), (5, 1), (3, 5)$ , and  $(6, 5)$ ?
- (A)  $93.4^\circ$       (B)  $96.8^\circ$       (C)  $104.0^\circ$   
 (D)  $108.3^\circ$       (E)  $119.0^\circ$

21. For some real number  $t$ , the first three terms of an arithmetic sequence are  $2t$ ,  $5t - 1$ , and  $6t + 2$ . What is the numerical value of the fourth term?
- (A) 4      (B) 8      (C) 10  
 (D) 16      (E) 19
22. The diameter and height of a right circular cylinder are equal. If the volume of the cylinder is 2, what is the height of the cylinder?
- (A) 1.37      (B) 1.08      (C) 0.86  
 (D) 0.80      (E) 0.68
23. If  $\sin \theta = 0.57$ , then  $\sin(\pi - \theta) =$
- (A) -0.57      (B) -0.43      (C) 0  
 (D) 0.43      (E) 0.57
24. In a group of 10 people, 60 percent have brown eyes. Two people are to be selected at random from the group. What is the probability that neither person selected will have brown eyes?
- (A) 0.13      (B) 0.16      (C) 0.25  
 (D) 0.36      (E) 0.64
25. If  $x - 2$  is a factor of  $x^3 + kx^2 + 12x - 8$ , then  $k =$
- (A) -6      (B) -3      (C) 2  
 (D) 3      (E) 6
26. If  $f(x) = \sqrt[3]{x^3 + 1}$ , what is  $f^{-1}(1.5)$ ?
- (A) 3.4      (B) 2.4      (C) 1.6  
 (D) 1.5      (E) 1.3
- |     |      |      |       |      |
|-----|------|------|-------|------|
| $x$ | -9.8 | -0.9 | 5.2   | 8.8  |
| $y$ | 0.12 | 2.43 | 18.46 | 68.4 |
27. Which of the following equations best models the data in the table above?
- (A)  $y = -3.3(1.4)^x$       (B)  $y = -1.4(3.3)^x$   
 (C)  $y = 1.4(3.3)^x$       (D)  $y = 3.3(1.4)^x$   
 (E)  $y = 1.4x^{3.3}$
28. The linear regression model above is based on an analysis of nutritional data from 14 varieties of cereal bars to relate the percent of calories from fat ( $F$ ) to the percent of calories from carbohydrates ( $C$ ). Based on this model, which of the following statements must be true?
- I. There is a positive correlation between  $C$  and  $F$ .
  - II. When 20 percent of calories are from fat, the predicted percent of calories from carbohydrates is approximately 73.
  - III. The slope indicates that as  $F$  increases by 1,  $C$  decreases by 1.02.
- (A) II only      (B) I and II only  
 (C) I and III only      (D) II and III only  
 (E) I, II, and III
29. A line has parametric equations  $x = 5 + t$  and  $y = 7 + t$ , where  $t$  is the parameter. The slope of the line is
- (A)  $\frac{5}{7}$       (B) 1      (C)  $\frac{7+t}{5+t}$   
 (D)  $\frac{7}{5}$       (E) 7
30. What is the range of the function defined by
- $$f(x) = \frac{1}{x} + 2$$
?
- (A) All real numbers  
 (B) All real numbers except  $-\frac{1}{2}$   
 (C) All real numbers except 0  
 (D) All real numbers except 2  
 (E) All real numbers between 2 and 3
31. The number of hours of daylight,  $d$ , in Hartsville can be modeled by
- $$d = \frac{35}{3} + \frac{7}{3} \sin\left(\frac{2\pi}{365}t\right)$$
, where  $t$  is the number of days after March 21. The day with the greatest number of hours of daylight has how many more daylight hours than May 1? (March and May have 31 days each. April and June have 30 days each.)
- (A) 0.8 hr      (B) 1.5 hr      (C) 2.3 hr  
 (D) 3.0 hr      (E) 4.7 hr

Model X	20	18	3
Model Y	16	5	8
Model Z	19	11	10

32. The table above shows the number of digital cameras that were sold during a three-day sale. The prices of models X, Y, and Z were \$99, \$199, and \$299, respectively. Which of the following matrix representations gives the total income, in dollars, received from the sale of the cameras for each of the three days?

- (A)  $\begin{bmatrix} 20 & 18 & 3 \\ 16 & 5 & 8 \\ 19 & 11 & 10 \end{bmatrix} \begin{bmatrix} 99 & 199 & 299 \end{bmatrix}$
- (B)  $\begin{bmatrix} 20 & 18 & 3 \\ 16 & 5 & 8 \\ 19 & 11 & 10 \end{bmatrix} \begin{bmatrix} 99 \\ 199 \\ 299 \end{bmatrix}$
- (C)  $\begin{bmatrix} 99 & 199 & 299 \end{bmatrix} \begin{bmatrix} 20 & 18 & 3 \\ 16 & 5 & 8 \\ 19 & 11 & 10 \end{bmatrix}$
- (D)  $\begin{bmatrix} 99 \\ 199 \\ 299 \end{bmatrix} \begin{bmatrix} 20 & 18 & 3 \\ 16 & 5 & 8 \\ 19 & 11 & 10 \end{bmatrix}$
- (E)  $99 \begin{bmatrix} 20 & 18 & 3 \\ 16 & 5 & 8 \\ 19 & 11 & 10 \end{bmatrix} + 199 \begin{bmatrix} 20 & 18 & 3 \\ 16 & 5 & 8 \\ 19 & 11 & 10 \end{bmatrix} + 299 \begin{bmatrix} 20 & 18 & 3 \\ 16 & 5 & 8 \\ 19 & 11 & 10 \end{bmatrix}$

## ANSWERS

The estimated difficulty level, on a scale of 1 to 5, with 1 the easiest and 5 the most difficult, is in parentheses.

# Biology E/M

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

The first 60 of the 80 questions are common to both Biology-E and Biology-M, followed by 20 specialized questions for each separate emphasis.

## How to Choose Between Biology-E and Biology-M

- Take Biology-E if you feel more comfortable answering questions pertaining to ecology, evolution, and diversity.
- Take Biology-M if you feel more comfortable answering questions pertaining to biochemistry, cellular structure, and processes such as respiration and photosynthesis.

Once you decide which emphasis to take, you need to fill in the appropriate bubble for the test you have chosen on your answer sheet. **Important: If you change your mind, you must change the bubble on the answer sheet to match your test;** otherwise, your answers to the 20 specialized questions won't be scored correctly.

You aren't allowed to take both Biology-E and Biology-M on the same test date. You can take them on 2 different test dates.

## Skills Covered in Both Biology-E and Biology-M

- Knowing fundamental concepts; remembering specific facts; demonstrating straightforward knowledge of information and familiarity with terminology (about 30% of test)
- Understanding concepts and reformulating information into other equivalent forms; applying knowledge to unfamiliar and/or practical situations; solving problems using mathematical relationships (about 35% of test)
- Interpreting, inferring, and deducing from qualitative and quantitative data and integrating information to form conclusions; recognizing unstated assumptions (about 35% of test)

## Important Things to Note on This Subject Test

- Calculator use is not permitted.
- Problem solving requires simple numerical calculations.
- The metric system of units is used.

## Recommended Preparation

- One-year course in biology
- One-year course in algebra and familiarity with simple algebraic concepts such as ratios and direct and inverse proportions
- Laboratory experience

# Sample Questions

All of the questions in the test are multiple-choice questions. For each question choose the BEST response from the 5 choices offered. Some questions that refer to a common figure, table, or laboratory experiment are grouped in sets.

## Biology E/M Core Section

### Directions

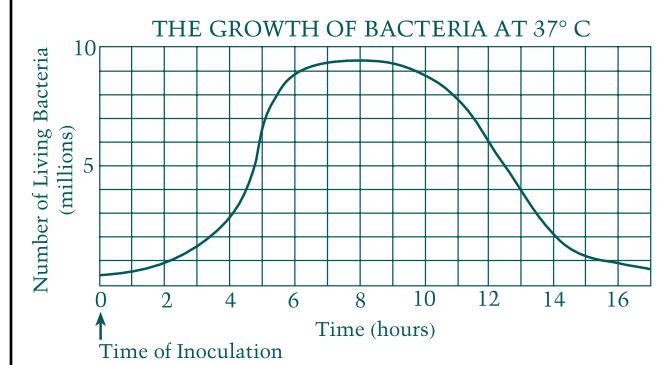

Each set of lettered choices below refers to the numbered questions or statements immediately following it. Select the one lettered choice that best answers each question or best fits each statement and then fill in the corresponding bubble on the answer sheet. A choice may be used once, more than once, or not at all in each set.

### Questions 1-2

- (A) Decomposers (e.g., bacteria)
  - (B) Producers (e.g., grasses)
  - (C) Primary consumers (e.g., mice)
  - (D) Secondary consumers (e.g., snakes)
  - (E) Tertiary consumers (e.g., hawks)
1. Organisms that comprise the greatest mass of living substance (biomass) in a terrestrial food chain
  2. Organisms that convert nitrogen-containing organic molecules into nitrates

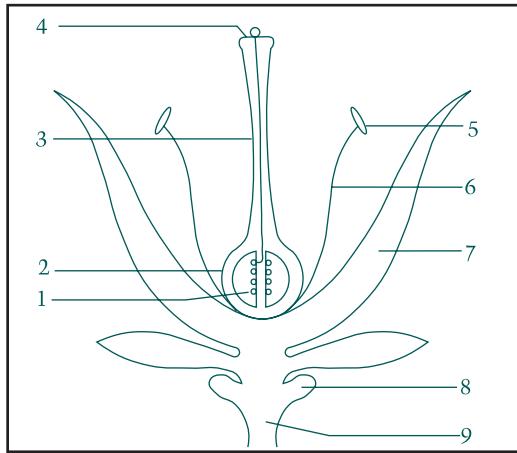

### Directions

Each of the questions or incomplete statements below is followed by five suggested answers or completions. Some questions pertain to a set that refers to a laboratory or experimental situation. For each question, select the one choice that is the best answer to the question and then fill in the corresponding bubble on the answer sheet.

3. In the graph above, the time when the number of living bacteria is increasing at the greatest rate occurs
  - (A) during the first 2 hours
  - (B) between the 2nd and the 4th hour
  - (C) between the 4th and the 6th hour
  - (D) between the 6th and the 10th hour
  - (E) between the 11th and the 13th hour
4. ATP is produced during which of the following processes?
  - I. Photosynthesis
  - II. Aerobic respiration
  - III. Fermentation
  - (A) I only
  - (B) II only
  - (C) I and III only
  - (D) II and III only
  - (E) I, II, and III
5. All of the following are population characteristics EXCEPT
  - (A) number of individuals
  - (B) phenotype
  - (C) sex ratio
  - (D) age distribution
  - (E) death rate

**Questions 6-7 refer to the following diagram:**

6. Commonly, the fruit is derived from  
 (A) 2                    (B) 4                    (C) 7  
 (D) 8                    (E) 9
7. Pollination involves a transfer of pollen from  
 (A) 4 to 1              (B) 4 to 2              (C) 4 to 5  
 (D) 5 to 4              (E) 5 to 9

**Questions 8-9**

In a breeding experiment using gray and white mice of unknown genotypes, the following results were obtained.

Cross	Parents		Offspring		
	Cross	Female	Male	Gray	White
I	Gray	x	White	82	78
II	Gray	x	Gray	118	39
III	White	x	White	0	50
IV	Gray	x	White	74	0

8. If the gray female from cross IV were mated with the gray male from cross II, then which of the following would most likely be true?  
 (A) All of the offspring would be gray.  
 (B) All of the offspring would be white.  
 (C) Half of the offspring would be gray.  
 (D) One-quarter of the offspring would be gray.  
 (E) One-quarter of the offspring would be white.

9. If two gray progeny of cross IV mate with each other, what is the probability that any one individual offspring will be gray?  
 (A) 100%              (B) 75%              (C) 50%  
 (D) 25%              (E) 0

**Questions 10-11**

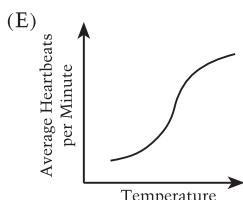

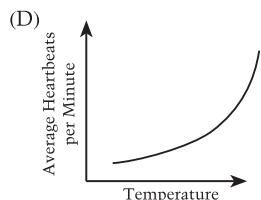

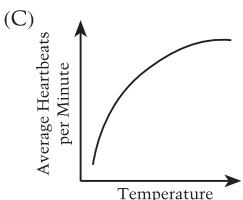

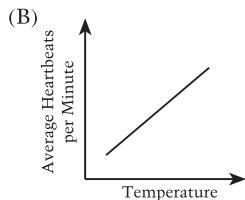

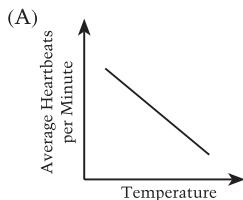

Three students added equal volumes of pond water to each of four beakers (I-IV) and placed each in a different constant temperature bath, maintained at 5°C, 15°C, 25°C, and 35°C, respectively. The students then added 6 water fleas, *Daphnia pulex*, to each of the four beakers and recorded the time in each case. After 1 hour, the students removed 3 *Daphnia pulex* from each beaker and each student immediately observed one *Daphnia pulex* under low-power magnification of a light microscope. (The transparent body of the *Daphnia pulex* can be seen easily under a light microscope.) Heart rates were recorded as beats per minute. The results of the experiment are summarized in the chart below.

BEAKER	TEMPERATURE	TIME DAPHNIA ADDED	TIME DAPHNIA REMOVED	HEARTBEATS PER MINUTE (average of 3 <i>Daphnia</i> )
I	5°C	2:00 p.m.	3:00 p.m.	41
II	15°C	2:10 p.m.	3:10 p.m.	119
III	25°C	2:20 p.m.	3:20 p.m.	202
IV	35°C	2:30 p.m.	3:30 p.m.	281

10. The independent variable in this experiment is the

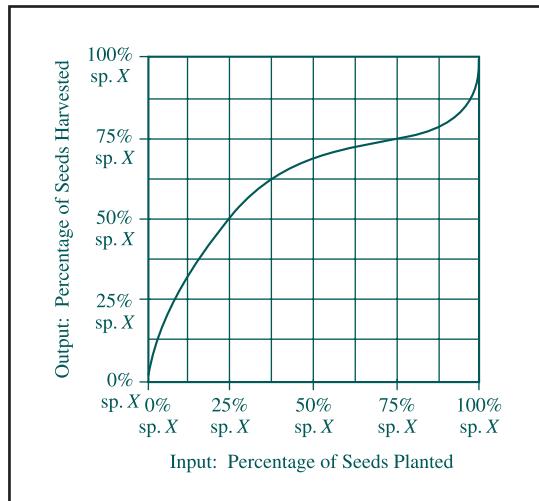

- (A) amount of light
- (B) number of water fleas
- (C) pH of the water
- (D) temperature of the water
- (E) average heart rate

11. If a graph is constructed using the data given in the table, it will most closely resemble which of the following?

### Questions 13–14

Known numbers of seeds from two species (X and Y) of annual plants are mixed together in different proportions and planted in five small plots of soil in the spring. The plants grow, flower, and produce seeds. It is found that the percentage of seeds of species X and species Y in the harvest is usually different from the proportion that was planted, although the total number of seeds produced is the same as the number of seeds planted. The data are plotted on the graph below.

13. What mixture of seeds was harvested in the plot that was planted with 25 percent species X and 75 percent species Y?

	X	Y
(A)	25%	75%
(B)	40%	60%
(C)	50%	50%
(D)	60%	40%
(E)	75%	25%

14. What do the data suggest about the ecological relationship between species X and species Y?

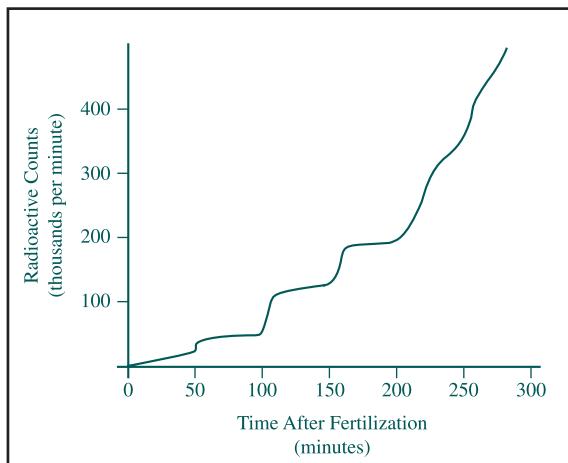

- (A) X and Y are mutualistic for low percentages of X seeds.
- (B) X and Y are mutualistic for high percentages of X seeds.
- (C) X and Y compete when both X and Y seeds are present.
- (D) Y competes successfully against X at all percentages of X and Y seeds.
- (E) X is a parasite of Y when Y is rare.

## Biology-M Section

15. Which of the following most accurately reveals common ancestry among many different species of organisms?
- (A) The amino acid sequence of their cytochrome c
  - (B) Their ability to synthesize hemoglobin
  - (C) The percentage of their body weight that is fat
  - (D) The percentage of their body surface that is used in gas exchange
  - (E) The mechanism of their mode of locomotion

### Questions 16-17

Thymine is used by animal cells primarily for the synthesis of DNA. A group of sea urchin eggs was fertilized in sea water containing radioactive thymine. Following fertilization, samples of embryos were removed at regular intervals and the radioactivity in the nucleic acid was measured in counts per minute. The results obtained are shown in the figure below.

16. The increase in radioactivity of the embryos with time probably results from
- (A) synthesis of new proteins by the developing embryos
  - (B) synthesis of radioactive thymine by the developing embryos
  - (C) oxidation of radioactive thymine
  - (D) incorporation of radioactive thymine in new cell membranes
  - (E) incorporation of radioactive thymine in new DNA during replication

17. An appropriate control to show that this experiment measures DNA synthesis and not RNA synthesis would be to perform the same procedures but
- (A) not fertilize the eggs
  - (B) sample the embryos at longer time intervals
  - (C) add radioactive uracil instead of radioactive thymine
  - (D) fertilize the eggs in sea water that does not contain radioactive thymine
  - (E) count the number of cells in the embryos at the beginning and at the end of the experiment

### ANSWERS

The estimated difficulty level, on a scale of 1 to 5, with 1 the easiest and 5 the most difficult, is in parentheses.

# Chemistry

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find that there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

## Skills Covered in the Context of Chemistry

- Recalling knowledge: remembering fundamental concepts and specific information; demonstrating familiarity with terminology (about 20% of test)
- Applying knowledge of a single principle to unfamiliar and/or practical situations to obtain a qualitative result or solve a quantitative problem (about 45% of test)
- Synthesizing knowledge: inferring and deducing from qualitative and/or quantitative data; integrating two or more relationships to draw conclusions or solve problems (about 35% of test)

## Important Things to Note on This Subject Test

- A periodic table indicating the atomic numbers and masses of elements is provided for all test administrations.
- Problem solving requires simple numerical calculations.
- The metric system of units is used.
- Calculator use is not permitted.

## Recommended Preparation

- One-year introductory chemistry course at the college-preparatory level
- Laboratory experience—a significant factor in developing reasoning and problem-solving skills—even though this multiple-choice test can only test lab skills in a limited way, as in data analysis
- Mathematics preparation that enables handling simple algebraic relationships and applying these to solving word problems
- Familiarity with the concepts of ratios, direct and inverse proportions, exponents, and scientific notation

### Directions for Classification Questions

Each set of lettered choices below refers to the numbered statements or questions immediately following it. Select the one lettered choice that best fits each statement or answers each question and then fill in the corresponding bubble on the answer sheet. A choice may be used once, more than once, or not at all in each set.

**Questions 1–3** refer to the following aqueous solutions.

- (A) 0.1 M HCl
- (B) 0.1 M NaCl
- (C) 0.1 M  $\text{HC}_2\text{H}_3\text{O}_2$
- (D) 0.1 M  $\text{CH}_3\text{OH}$
- (E) 0.1 M KOH

1. Is weakly acidic
2. Has the highest pH
3. Reacts with an equal volume of 0.05 M  $\text{Ba(OH)}_2$  to form a solution with pH = 7

**Questions 4–6** refer to the following ionic species.

- (A)  $\text{X}^+$
- (B)  $\text{X}^{2+}$
- (C)  $\text{X}^{3+}$
- (D)  $\text{XO}_3^{2-}$
- (E)  $\text{XO}_4^{2-}$

4. A type of ion found in sodium acetate
5. A type of ion found in aluminum oxide
6. A type of ion found in potassium phosphate

**Questions 7–10** refer to the following atoms in the ground state.

- (A) Ar
  - (B) O
  - (C) S
  - (D) Ti
  - (E) U
7. Has the electron configuration  $1s^2 2s^2 2p^6 3s^2 3p^4$
  8. Has the same number of electrons as  $\text{Ca}^{2+}$
  9. Has electrons in  $f$  orbitals
  10. Is the LEAST chemically reactive

## Sample Questions

Three types of questions are used in the Chemistry Subject Test: classification questions, relationship analysis questions, and 5-choice completion questions. The types are noted in the directions for the practice questions that follow. The directions given match those that are in the test. Relationship analysis questions use a different format, and you'll mark your answers to them in a separate section of the answer sheet, as explained in the directions.

**Note:** For all questions involving solutions, assume the solvent is water unless otherwise stated.

On the actual Chemistry Test, the following type of question must be answered on a special section (labeled “Chemistry”) at the lower left-hand corner of your answer sheet. These questions will be numbered beginning with 101 and must be answered according to the following directions.

### Sample Answer Grid

\*Fill in bubble CE (correct explanation) only if statement II is a correct explanation of the true statement I.

	I	II	CE*
101	(T) (F)	(T) (F)	(C)

### Directions for Relationship Analysis Questions

Each question below consists of two statements, I in the left-hand column and II in the right-hand column. For each question, determine whether statement I is true or false and whether statement II is true or false and fill in the corresponding T or F bubbles on your answer sheet. \*Fill in bubble CE only if statement II is a correct explanation of the true statement I.

### I

101. The rate at which sugar dissolves in water increases with stirring

### BECAUSE

stirring exposes the surface of a solute crystal to a less concentrated layer of solution.

### II

102. Diamond has a high melting point

### BECAUSE

in a diamond crystal, the carbon atoms are held in place by ionic bonds.

103. Potassium has a lower first ionization energy than lithium has

### BECAUSE

potassium has more protons in its nucleus than lithium has.

104. Zinc metal will reduce  $\text{Cu}^{2+}$  in solution

zinc is a more active metal than copper is.

105. If some acetic acid,  $\text{HC}_2\text{H}_3\text{O}_2$ , is added to the equilibrium mixture represented by the equation above, the concentration of  $\text{H}_3\text{O}^+$  decreases

### BECAUSE

the equilibrium constant of a reaction changes as the concentration of the reactants changes.

On the actual Chemistry Test, the remaining questions must be answered by returning to the section of your answer sheet you started for the Chemistry Test.

### Directions for Five-Choice Completion Questions

Each of the questions or incomplete statements below is followed by five suggested answers or completions. Select the one that is best in each case and then fill in the corresponding bubble on the answer sheet.

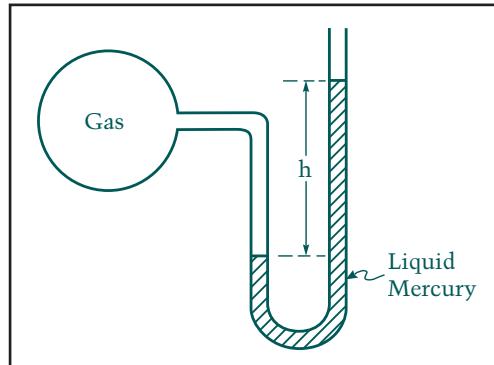

11. The hydrogen ion concentration of a solution prepared by diluting 50. mL of 0.10  $M$   $\text{HNO}_3(aq)$  with water to 500. mL of solution is

- (A) 0.0010  $M$       (B) 0.0050  $M$       (C) 0.010  $M$   
 (D) 0.050  $M$       (E) 1.0  $M$

12. When the equation above is balanced and all coefficients are reduced to lowest whole-number terms, the coefficient for  $\text{I}^-(aq)$  is

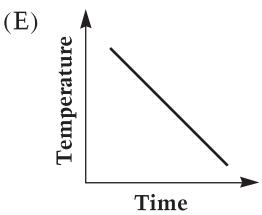

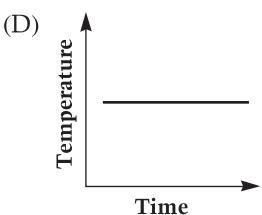

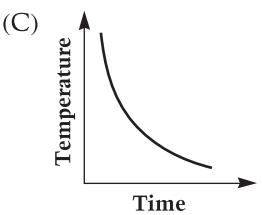

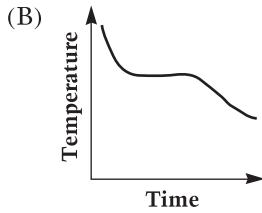

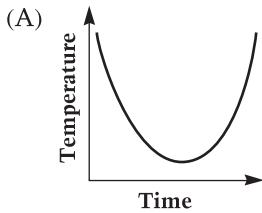

- (A) 1      (B) 2      (C) 3  
 (D) 4      (E) 5

13. The bulb of the open-end manometer shown above contains a gas. True statements about this system include which of the following?

- I. Only atmospheric pressure is exerted on the exposed mercury surface in the right side of the tube.
  - II. The gas pressure is greater than atmospheric pressure.
  - III. The difference in the height,  $h$ , of mercury levels is equal to the pressure of the gas.
- (A) II only  
 (B) III only  
 (C) I and II only  
 (D) I and III only  
 (E) I, II, and III

14. A thermometer is placed in a test tube containing a melted pure substance. As slow cooling occurs, the thermometer is read at regular intervals until well after the sample has solidified. Which of the following types of graphs is obtained by plotting temperature *versus* time for this experiment?

15. One can predict that the geometric configuration for which of the following molecules is NOT correct?

- (A)  $\text{PF}_3$  trigonal planar
- (B)  $\text{CF}_4$  tetrahedral
- (C)  $\text{CHCl}_3$  irregular tetrahedron
- (D)  $\text{OF}_2$  bent (v-shaped)
- (E)  $\text{HF}$  linear

16. According to the reaction represented by the unbalanced equation above, how many moles of  $\text{SO}_2(g)$  are required to react completely with 1 mole of  $\text{O}_2(g)$ ?

- (A) 0.5 mol
- (B) 1 mol
- (C) 2 mol
- (D) 3 mol
- (E) 4 mol

17. Analysis by mass of a certain compound shows that it contains 14 percent hydrogen and 86 percent carbon. Which of the following is the most informative statement that can properly be made about the compound on the basis of these data?

- (A) It is a hydrocarbon.
- (B) Its empirical formula is  $\text{CH}_2$ .
- (C) Its molecular formula is  $\text{C}_2\text{H}_4$ .
- (D) Its molar mass is 28 g/mol.
- (E) It contains a triple bond.

18. The combustion of propane,  $\text{C}_3\text{H}_8(g)$ , proceeds according to the equation above. How many grams of water will be formed in the complete combustion of 44.0 grams of propane?

- (A) 4.50 g
- (B) 18.0 g
- (C) 44.0 g
- (D) 72.0 g
- (E) 176 g

19. The number of oxygen atoms in 0.50 mole of  $\text{KHSO}_4$  is

- (A)  $1.2 \times 10^{23}$
- (B)  $2.4 \times 10^{23}$
- (C)  $3.0 \times 10^{23}$
- (D)  $1.2 \times 10^{24}$
- (E)  $2.4 \times 10^{24}$

20. All of the following statements about carbon dioxide are true EXCEPT:

- (A) It can be prepared by the action of acid on limestone.
- (B) It is used to extinguish fires.
- (C) It dissolves in water at room temperature.
- (D) It sublimes rather than melts at  $20^\circ\text{C}$  and 1 atmosphere pressure.
- (E) It is less dense than air at a given temperature and pressure.

21. For elements in the left-most column of the periodic table, properties that have increasing values as the atomic number increases include which of the following?

- I. Ionization energy (potential)
  - II. Atomic radius
  - III. Atomic mass
- (A) I only
  - (B) III only
  - (C) I and II only
  - (D) II and III only
  - (E) I, II, and III

22. All of the following can act as Brønsted-Lowry acids (proton donors) in aqueous solution EXCEPT

- (A) HI                   (B)  $\text{NH}_4^+$            (C)  $\text{HCO}_3^-$   
(D)  $\text{H}_2\text{S}$               (E)  $\text{NH}_3$

## ANSWERS

The estimated difficulty level, on a scale of 1 to 5, with 1 the easiest and 5 the most difficult, is in parentheses.

## Skills Covered in the Context of Physics

- Recalling and understanding of the major concepts of physics and the application of these physical principles to solve specific problems
  - ◆ Fundamental Knowledge: remembering and understanding concepts or information (about 12%–20% of test)
  - ◆ Single-Concept Problems: applying a single physical relation or concept (about 48%–64% of test)
  - ◆ Multiple-Concept Problems: integrating of 2 or more physical relationships or concepts (about 20%–35% of test)
- Understanding simple algebraic, trigonometric, and graphical relationships and the concepts of ratio and proportion and the application of these to physics problems
- Application of laboratory skills in the context of the physics content outlined below

## Important Things to Note on This Subject Test

- Numerical calculations are not emphasized and are limited to simple arithmetic.
- Questions predominantly use the metric system; pay attention to the units stated.
- You should assume that the direction of any current is the direction of flow of positive charge (conventional current).
- Calculator use is not permitted.

## Recommended Preparation

- One-year introductory physics course on the college-preparatory level

## Sample Questions

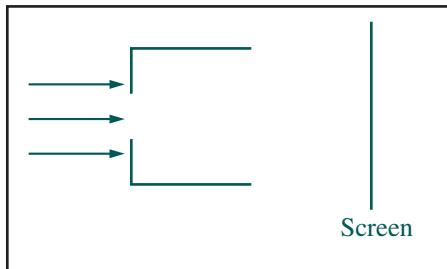

Two types of questions are used in the Physics Subject Test: classification questions and 5-choice completion questions. Both are noted in the following samples. The directions that follow match those that are in the test. All questions in the test are multiple-choice questions. For each question, choose the BEST response from the 5 choices offered.

### Part A

#### Directions

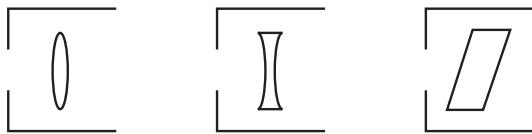

Each set of lettered choices on the next page refers to the numbered questions immediately following it. Select the one lettered choice that best answers each question and then fill in the corresponding bubble on the answer sheet. A choice may be used once, more than once or not at all in each set.

## Questions 1-2

A beam of light is incident on a rectangular opening in the front of a box, as shown in the side view above. The back of the box is open. After passing through the box, the light is incident on a screen. The following devices may be in the box, positioned as shown below.

- (A) A convex lens      (B) A concave lens      (C) A thick sheet of glass

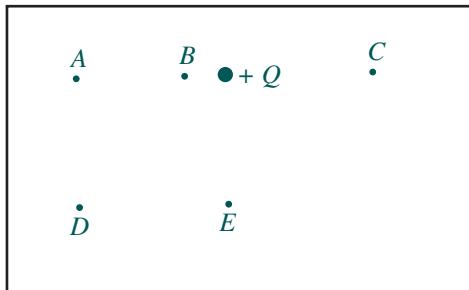

- (D) An opaque card with a very narrow slit      (E) A prism with vertex pointing downward

1. Which device could produce a tiny spot of light on the screen?
2. Which device could produce a diffraction pattern consisting of a central bright fringe with parallel secondary fringes that decrease in intensity with increasing distance from the center of the screen?

**Questions 3-4** relate to a point charge  $+Q$  fixed in position, as shown below. Five points near the charge and in the plane of the page are shown.

3. At which point will the magnitude of the electric field be least?
4. At which point will an electron experience a force directed toward the top of the page?

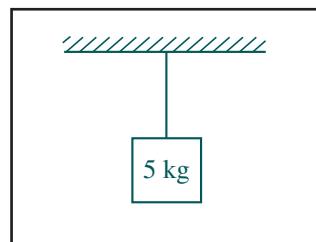

## Part B

### Directions

Each of the questions or incomplete statements below is followed by five suggested answers or completions. Select the one that is best in each case and then fill in the corresponding bubble on the answer sheet.

5. When a vector of magnitude 6 units is added to a vector of magnitude 8 units, the magnitude of the resultant vector will be

- (A) exactly 2 units  
(B) exactly 10 units  
(C) exactly 14 units  
(D) 0 units, 10 units, or some value between them  
(E) 2 units, 14 units, or some value between them

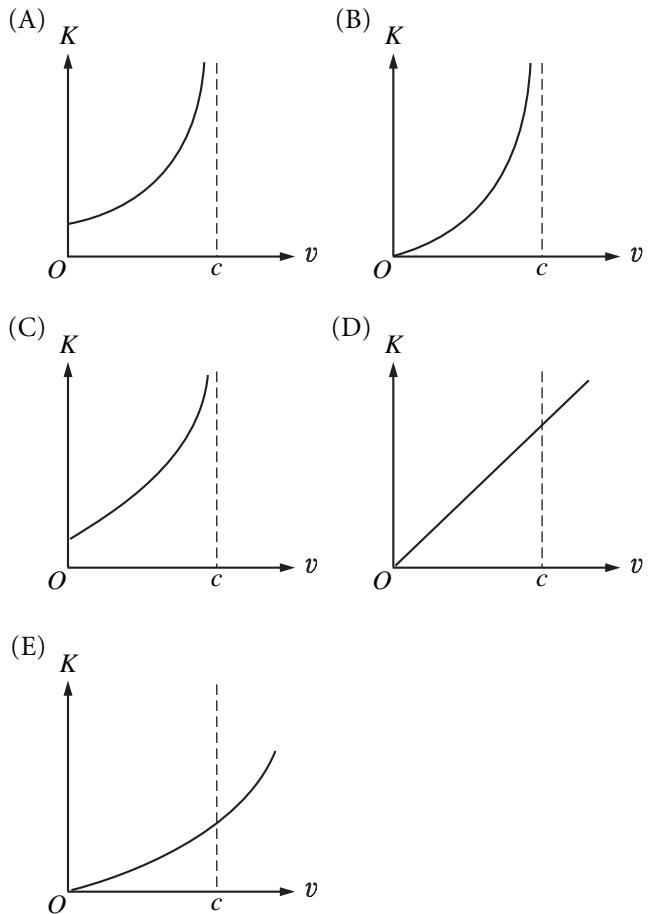

6. A 5-kilogram block is suspended by a cord from the ceiling, as shown above. The force exerted on the block by the cord is most nearly

- (A) zero  
(B) 25 N  
(C) 50 N  
(D) 100 N  
(E) 200 N

7. An experiment is performed to measure the specific heat of copper. A lump of copper is heated in an oven, then dropped into a beaker of water. To calculate the specific heat of copper, the experimenter must know or measure the value of all of the quantities below EXCEPT the

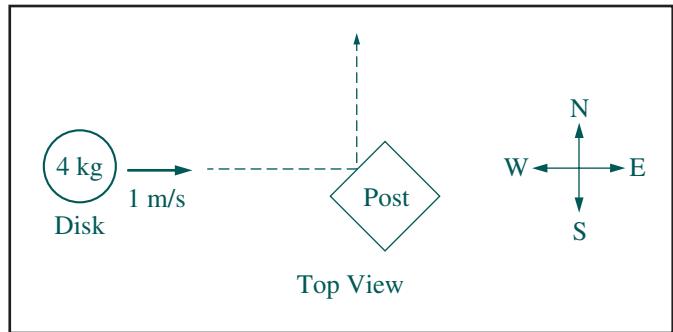

- (A) mass of the water  
(B) original temperatures of the copper and the water  
(C) final (equilibrium) temperature of the copper and the water  
(D) time taken to achieve equilibrium after the copper is dropped into the water  
(E) specific heat of the water

8. Which of the following graphs best represents the kinetic energy  $K$  of an elementary particle as a function of its speed  $v$ , where  $c$  is the speed of light?

9. In a given process, 12 joules of heat is added to an ideal gas and the gas does 8 joules of work. Which of the following is true about the internal energy of the gas during this process?

- (A) It has increased by 20 joules.
- (B) It has increased by 4 joules.
- (C) It has not changed.
- (D) It has decreased by 4 joules.
- (E) It has decreased by 20 joules.

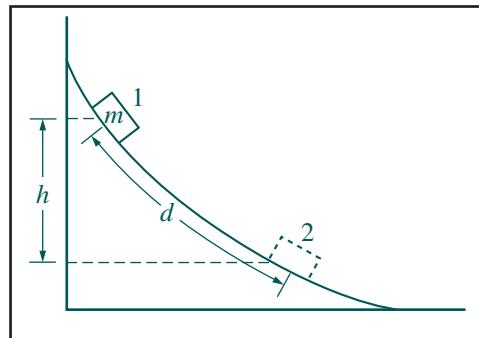

10. A 4-kilogram disk slides over level ice toward the east at a velocity of 1 meter per second, as shown at the bottom of the left-hand column. The disk strikes a post and rebounds toward the north at the same speed. The change in the magnitude of the eastward component of the momentum of the disk is

- (A)  $-4 \text{ kg} \cdot \text{m/s}$
- (B)  $-1 \text{ kg} \cdot \text{m/s}$
- (C)  $0 \text{ kg} \cdot \text{m/s}$
- (D)  $1 \text{ kg} \cdot \text{m/s}$
- (E)  $4 \text{ kg} \cdot \text{m/s}$

<u><math>n</math></u>	Energy Above Ground State
3	7 eV
2	4 eV
1	0 eV

11. Three energy levels of an atom are shown above. Atoms in the  $n = 2$  state can spontaneously emit photons having which of the following energies?

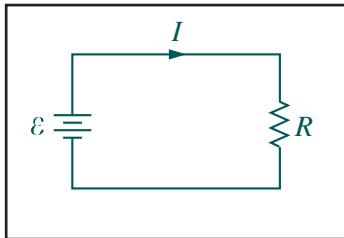

- (A) 4 eV only
- (B) 7 eV only
- (C) 3 eV and 4 eV only
- (D) 3 eV and 7 eV only
- (E) 3 eV, 4 eV, and 7 eV

12. A box of mass  $m$  is released from rest at position 1 on the frictionless curved track shown above. It slides a distance  $d$  along the track in time  $t$  to reach position 2, dropping a vertical distance  $h$ . Let  $v$  and  $a$  be the instantaneous speed and instantaneous acceleration, respectively, of the box at position 2. Which of the following equations is valid for this situation?

- (A)  $h = vt$
- (B)  $h = \frac{1}{2}gt^2$
- (C)  $d = \frac{1}{2}at^2$
- (D)  $v^2 = 2ad$
- (E)  $mgh = \frac{1}{2}mv^2$

Questions 13–14 relate to the following circuit.

A single resistor  $R$  is connected to a battery as shown above. The current is  $I$  and the power dissipated as heat is  $P$ . The circuit is changed by doubling the emf  $E$  of the battery while  $R$  is kept constant.

13. After the change, the current is

- (A)  $\frac{I}{4}$       (B)  $\frac{I}{2}$       (C)  $I$   
(D)  $2I$       (E)  $4I$

14. After the change, the power dissipated in  $R$  is

- (A)  $\frac{P}{4}$       (B)  $\frac{P}{2}$       (C)  $P$   
(D)  $2P$       (E)  $4P$

15. Which of the following is true of the magnetic field produced by a current in a long, straight wire?

- (A) The field is uniform.  
(B) The field increases in strength as the distance from the wire increases.  
(C) The field lines are directed parallel to the wire, but opposite to the direction of the current.  
(D) The field lines are directed radially outward from the wire.  
(E) The field lines form circles about the wire.

16. The Earth has a radius of 6,400 kilometers. A satellite orbits the Earth at a distance of 12,800 kilometers from the center of the Earth. If the weight of the satellite on Earth is 100 kilonewtons, the gravitational force on the satellite in orbit is

- (A) 11 kilonewtons  
(B) 25 kilonewtons  
(C) 50 kilonewtons  
(D) 100 kilonewtons  
(E) 200 kilonewtons

17. A pendulum of length  $\ell$  with a bob of mass  $m$  is oscillating with small amplitude. Which of the following changes in the pendulum would double its period?

- (A) Doubling the mass  $m$  of the bob  
(B) Doubling the initial force used to set the pendulum in motion  
(C) Doubling the amplitude of the pendulum's swing  
(D) Quadrupling the mass  $m$  of the bob  
(E) Quadrupling the length  $\ell$  of the pendulum

### Questions 18–19

A piece of chalk is thrown vertically upward and caught during its descent at the same height from which it was thrown. Position is measured from the location of the chalk when it left the hand. The positive direction for position, velocity, and acceleration is upward.

18. What are the signs of the position, velocity, and acceleration during the ascending part of the trajectory?

<u>POSITION</u>	<u>VELOCITY</u>	<u>ACCELERATION</u>
(A) Positive	Positive	Positive
(B) Positive	Positive	Negative
(C) Positive	Negative	Negative
(D) Negative	Positive	Negative
(E) Negative	Negative	Negative

19. What are the signs of the position, velocity, and acceleration during the descending part of the trajectory?

<u>POSITION</u>	<u>VELOCITY</u>	<u>ACCELERATION</u>
(A) Positive	Positive	Positive
(B) Positive	Positive	Negative
(C) Positive	Negative	Negative
(D) Negative	Positive	Negative
(E) Negative	Negative	Negative

### ANSWERS

The estimated difficulty level, on a scale of 1 to 5, with 1 the easiest and 5 the most difficult, is in parentheses.

# Chinese with Listening

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find that there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

**Remember to bring an acceptable CD player and fresh batteries with you on test day.** See page 5 for more information.

## Skills Covered in the Context of the Chinese Language

**Listening Comprehension:** These questions test the ability to understand the spoken language and are based on short, spoken dialogues and narratives primarily about everyday topics. There are 2 different kinds of listening comprehension questions:

(A) a spoken statement, question or exchange, followed by a choice of 3 possible responses (also spoken); (B) a spoken dialogue or monologue with a printed question or questions (in English) about what was said.

**Usage:** These questions ask you to select the answer that best completes a Chinese sentence in a way that's structurally and logically correct. Questions are written to reflect instructional practices of the curriculum.

Usage questions are presented in 4 columns across 2 pages of the test booklet to allow each question and its answer choices to be shown in 4 different ways of representing Chinese. You should choose the writing form that's most familiar to you and read only from that column. See the directions on page 40 to familiarize yourself with this format.

**Reading Comprehension:** Reading comprehension questions test your understanding of such points as main and supporting ideas, themes, and the setting of passages. Some of the passages are based on real-life materials such as timetables, forms, advertisements, notes, letters, diaries, and newspaper articles. All passages are written in both traditional and simplified Chinese characters. Most questions deal with understanding of literal meaning, although some inference questions may be included. All reading comprehension questions are in English.

## Recommended Preparation

- Three to 4 years of Mandarin Chinese language study in high school or the equivalent
- Gradual development of competence in Chinese over a period of years
- Review sample listening questions using an SAT Subject Test Practice CD that your counselor can order from College Board

# French and French with Listening

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find that there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

If you are taking the French with Listening Test, remember to bring an acceptable CD player and fresh batteries with you on test day. See page 5 for more information.

## Skills Covered in the Context of the French Language

**Precision of Vocabulary:** These questions test knowledge of words representing different parts of speech and some basic idioms within culturally authentic contexts.

**Structure:** These questions measure the ability to select an appropriate word or expression that is grammatically correct within a sentence. One part of the test contains vocabulary and structure questions embedded in longer paragraphs.

**Reading Comprehension:** These questions test understanding of such points as main and supporting ideas, themes, and setting of a passage. Selections are drawn from fiction, essays, historical works, and newspaper articles or everyday materials such as advertisements, timetables, forms, and tickets.

The French with Listening Test also measures the ability to understand spoken language with 3 types of listening questions:

**Type 1:** Identify the sentence that most accurately describes what is presented in a picture or photograph.

**Type 2:** Answer general content questions based on short dialogues or monologues.

**Type 3:** Answer more specific questions based on longer dialogues or monologues.

## Recommended Preparation

Both tests reflect general trends in high school curricula and are independent of particular textbooks or methods of instruction. Recommended preparation includes:

- Three to 4 years study in high school or the equivalent, or 2 years of strong preparation
- Gradual development of competence in French over a period of years

- Review sample listening questions using an SAT Subject Test Practice CD that your counselor can order from College Board, if you're taking the French with Listening Test.

## Part C

### Directions

The paragraph below contains blank spaces indicating omissions in the text. For some blanks it is necessary to choose the completion that is most appropriate to the meaning of the passage; for other blanks, to choose the one completion that forms a grammatically correct sentence. In some instances, choice (A) may consist of dashes that indicate that no insertion is required to form a grammatically correct sentence. In each case, indicate your answer by filling in the corresponding bubble on the answer sheet. Be sure to read the paragraph completely before answering the questions related to it.

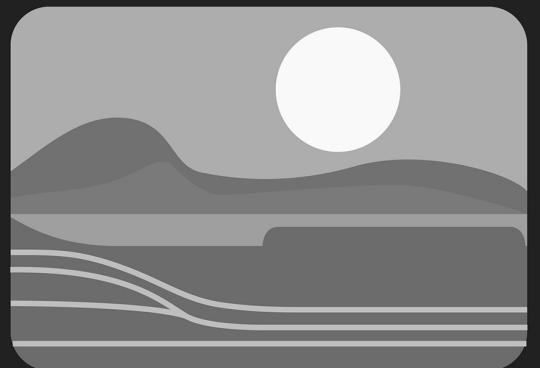

- Selon (7), les Français célèbrent les fêtes de fin d'année en (8) un bon nombre d'huîtres et d'autres (9) de mer. Ils offrent de petits cadeaux à (10) envers qui ils sont (11). Et ils envoient des (12) de vœux à (13) amis et collègues.
7. (A) la coutume  
(B) l'utilisation  
(C) l'habit  
(D) le temps

## Part D

### Directions

Read the following selections carefully for comprehension. Each selection is followed by a number of questions or incomplete statements. Select the completion or answer that is BEST according to the selection and fill in the corresponding bubble on the answer sheet.

- Ligne  
(5) Alors, que dire des contes qu'invente aujourd'hui la publicité? On dénonce l'artifice et les conventions des messages publicitaires. Mais quand on demande à des enfants de choisir entre divers scénarios ou types d'illustration, il faut bien constater que ce sont justement ces conventions, cet artifice qu'ils préfèrent. Les parents s'inquiètent des images de violence physique ou de complaisance sexuelle qu'on peut voir à la télévision, alors que les enfants, au moins jusqu'à la puberté, y sont en général indifférents. En revanche, ils détestent le journal télévisé. Avec son cortège de guerres, de chômage et de grèves, de drames et de catastrophes, il les met mal à l'aise. La publicité, avec son imagerie du bonheur, les rassure.
- (10) (15) Et quand les moralistes reprochent aux publicitaires de lier cette idée de bonheur à la possession de biens matériels, ils oublient que les contes de fées non plus n'étaient pas désintéressés. Ce n'est pas le problème des enfants. Cela peut être celui des parents, quand ils (20) s'efforcent de leur apprendre à faire le départ entre le réel et l'imaginaire, entre le désir et sa réalisation.
14. Selon l'article, les effets des scènes de violence et de complaisance sexuelle à la télévision sur les jeunes enfants sont en général
- (A) nuisibles (B) graves  
(C) favorables (D) insignifiants
15. D'après le texte, quelle est la réaction que le journal télévisé provoque chez les enfants?
- (A) Il les trouble. (B) Il les intéresse.  
(C) Il les laisse indifférents. (D) Il les rassure.
16. Quelle est la conclusion de l'article vis-à-vis de la publicité?
- (A) La réaction des enfants devant la publicité dépend des parents.  
(B) Tous les enfants réagissent différemment à la publicité.  
(C) La publicité est salutaire dans le développement de l'enfant.  
(D) On a raison de dénoncer les messages publicitaires.

- (A) Chez elles  
(B) Dans un café  
(C) Au théâtre]

(7 seconds)

## Part C

### Directions

You will now hear some extended dialogues or monologues. You will hear each only once. After each dialogue or monologue, you will be asked several questions about what you have just heard. These questions are also printed in your test booklet. Select the best answer to each question from among the four choices printed in your test booklet and fill in the corresponding bubble on the answer sheet. There is no sample question for this part.

## Questions 9-11

You will hear:

- (Man A)** Dialogue numéro 1. Éric, jeune étudiant demeurant à Paris, parle de ses activités.  
**(Woman A)** Alors, dis-moi ce que tu fais.  
**(Man B)** Je suis chanteur dans deux groupes, un de Rythme & Blues, et un autre groupe, un groupe de rock.  
**(Woman A)** Et vous répétez souvent?  
**(Man B)** Pour le groupe de Rythme & Blues, nous répétons pas souvent; nous avons répété pendant huit mois et donc

nous connaissons assez bien le répertoire et je ne fais pas tous les concerts avec eux, donc ce n'est pas la peine.

- (Woman A)** Et comment s'appelle ce groupe?

**(Man B)** Ce groupe s'appelle *Les Steady Holy Men*.

- (Woman A)** Et l'autre groupe?

**(Man B)** C'est un groupe de rock qui s'appelle *Riffraff* et là, on vient de commencer il y a deux mois, un peu plus peut-être, et nous répétons, une fois par semaine au moins, quelquefois deux fois par semaine, pendant trois ou quatre heures.

- (Woman A)** Et vous répétez où?

**(Man B)** Nous répétons dans un local de répétitions. Il y en a plusieurs sur Paris où on peut payer à l'heure pour répéter dans un studio. Tout est équipé.

- (Woman A)** Bien, et vous jouez où, en général?

**(Man B)** Nous jouons dans des bars, dans des clubs, dans des bistrots, dans des caves.]

9. [Numéro 9]

- (Woman B)** Au cours de cette conversation, qu'est-ce que nous apprenons sur le jeune Éric?

Au cours de cette conversation, qu'est-ce que nous apprenons sur le jeune Éric?

# German and German with Listening

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find that there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

If you are taking the German with Listening Test, remember to bring an acceptable CD player and fresh batteries with you on test day. See page 5 for more information.

## Skills Covered in the Context of the German Language

### Sentence Completion and Paragraph Completion:

These questions test vocabulary and grammar, requiring you to know the meaning of words and idiomatic expressions in context and to identify usage that's structurally correct and appropriate.

**Reading Comprehension:** These questions test understanding of the content of various materials taken from sources such as advertisements, timetables, street signs, forms, and tickets. They also examine your ability to read passages representative of various styles and levels of difficulty. There are several prose passages followed by questions that test your understanding of the passages. The passages, mostly adapted from literary sources and newspapers or magazines, are generally 1 or 2 paragraphs long and test whether you can identify the main idea or comprehend facts or details in the text.

Both German Subject Tests comply with the German spelling reform (Rechtschreibreform) as much as possible.

The German with Listening Test also measures the ability to understand spoken language with 2 types of listening questions:

**Type 1:** Contains short dialogues/monologues with 1 or 2 multiple-choice questions. Dialogues/monologues, questions, and answer choices are spoken. Questions are also printed in the test booklet.

**Type 2:** Contains longer dialogues and monologues with several multiple-choice questions. Dialogues/monologues and questions are only spoken and not printed in the test booklet. Answer choices aren't spoken; they appear only in the test booklet.

## Recommended Preparation

Both tests reflect general trends in high school curricula and are independent of particular textbooks or methods of instruction. Recommended preparation includes:

- Two to 4 years of study in high school or the equivalent
- Gradual development of competence in German over a period of years
- If you are taking the German with Listening Test, review sample listening questions using an SAT Subject Test Practice CD that your counselor can order from College Board

### Questions 12-14

Die Frage, ob Bewegung wirklich der Gesundheit dient, beschäftigt nach wie vor sowohl die Mediziner als auch alle diejenigen, die mit Jogging, Schwimmen und Schwitzen ihr Herzinfarktrisiko zu verkleinern hoffen.

Bevölkerungsstudien geben viele Beweise dafür, dass Herztraining—bestimmte körperliche Übungen mindestens dreimal in der Woche, die für mindestens 30 Minuten den Puls beschleunigen—tatsächlich die Gefahr von Herzkrankheiten reduzieren kann. Laboruntersuchungen hingegen waren bisher nicht ganz klar. Großes Interesse fand jedoch eine Studie der Universitätsklinik Boston. Nach regelmäßiger Training in einem Laufrad überstand eine Versuchsgruppe von Affen die Folgen einer schlechten Ernährung besser als eine Vergleichsgruppe. Diese Gruppe hatte bei gleicher Ernährung keine Bewegung. Natürlich muss das Experiment wiederholt und verbessert werden. Immerhin ist dies das erste Versuchsresultat mit höheren Primaten, z.B. Affen, das zeigt, dass man durch körperliche Bewegung Herzerkrankungen verhindern kann.

12. Es gibt viele Beweise dafür, dass Herzinfarkte bei Menschen nicht so häufig auftreten, wenn sie
- zu viel essen
  - fit bleiben
  - Bewegung vermeiden
  - Tierversuche machen
13. Der Verfasser des Berichtes macht klar, dass
- die Vergleichsgruppe kein Verhältnis zur Versuchsgruppe hat
  - Bewegung der menschlichen Gesundheit nur schaden kann
  - das Experiment wiederholt werden muss
  - der Puls nie beschleunigt werden kann
14. Um welches Thema geht es in dem Artikel hauptsächlich?
- Um Sportarten
  - Um Ernährung
  - Um Labormethoden
  - Um Gesundheit
15. (Narrator) [Number 15.] Was gefällt Rainer nicht?  
 (Woman) [Was gefällt Rainer nicht?]  
 (Man) [(A) Klaus kommt spät.  
 (B) Die Chefin arbeitet viel.  
 (C) Klaus hat gegessen.  
 (D) Es riecht so gut.]
- (5 seconds)
- (Narrator) [Questions 16 and 17 refer to the following exchange.]
- (Man A) [Herr Lenz, es ist schon 6.00 Uhr, und Sie sitzen immer noch am Schreibtisch!]
- (Man B) [Ich fahre doch morgen in Urlaub und wollte keine Arbeit liegen lassen.]
- (Man A) [Lassen Sie mal. Am Montag bekomme ich eine Hilfskraft. Gehen Sie nach Hause und packen Sie.]
16. (Narrator) [Number 16.] Warum sitzt Herr Lenz noch am Schreibtisch?
- (Woman) [Warum sitzt Herr Lenz noch am Schreibtisch?]
- (Man) [(A) Er telefoniert.  
 (B) Er packt ein.  
 (C) Er arbeitet.  
 (D) Er fährt heim.]

## Sample Listening Questions

On the German with Listening Test, the following two types of listening questions will appear in addition to the reading questions discussed previously. In the actual test, the listening section will come first. All questions in this part of the test are multiple-choice questions in which you must choose the **BEST** response from the four choices offered.

Text in brackets [ ] is only spoken and not printed in your test booklet.

### Part A

#### Directions

In this part of the test you will hear several selections. They will not be printed in your test booklet. You will hear them only once. Therefore, you must listen very carefully. In your test booklet you will read one or two short questions about what was said. Another speaker will read the questions for you. Each question will be followed by four choices marked (A), (B), (C), and (D). The choices are not printed in your test booklet. You will hear them once. Select the best answer and fill in the corresponding bubble on your answer sheet.

- (Narrator) [Question 15 refers to the following exchange.]
- (Man B) [Hmmm, das riecht gut. Was gibt's denn heute Abend zu essen?]
- (Man A) Für dich nichts, Klaus, weil du immer so spät nach Hause kommst.
- (Man B) Entschuldige, Rainer. Aber das war nicht meine Schuld—heute. Die Chefin gab mir in der letzten Minute noch viel zu tun.]

17. (Narrator) [Number 17.] Wo unterhalten sich die Männer?  
 (Woman) [Wo unterhalten sich die Männer?]  
 (Man) [(A) Im Urlaub  
 (B) Im Zug  
 (C) Zu Hause  
 (D) Im Büro]
- (5 seconds)

## Part B

### Directions

You will now listen to some extended dialogues or monologues. You will hear each only once. After each dialogue or monologue, you will be asked several questions about what you have just heard. These questions are not printed in your test booklet. From the four printed choices, select the best answer to each question and fill in the corresponding bubble on the answer sheet. There is no sample question for this part.

### Questions 18-21

(Narrator) [You will hear a telephone conversation about a car deal.]

(Telephone rings)

(Woman) [Hallo—Müller hier.]

(Man) Ich habe in der „Morgenpost“ gelesen, dass Sie ein Auto zu verkaufen haben. Können Sie mir etwas über den Wagen sagen?

(Woman) Ja, der Wagen ist drei Jahre alt, hat ungefähr 45 000 km und ein Schiebedach. Er ist in gutem Zustand. Er steht immer nachts in der Garage, und ich hatte noch nie einen Unfall damit.

(Man) Wann war der Wagen das letzte Mal zur Inspektion beim TÜV?

(Woman) Ende letzten Jahres.

(Man) Gibt es irgendwelche Probleme mit dem Wagen?

(Woman) Vor einigen Monaten ließ sich die Tür auf der Fahrerseite nicht schließen. Wir haben sie aber reparieren lassen.

(Man) Ich habe gegen 17.00 Uhr Feierabend, kann ich dann vorbeikommen?

(Woman) Ja, ich wohne Holunderweg 7.

(Man) Ach, da sind wir ja beinahe Nachbarn. Ich werde kurz nach 18.00 Uhr bei Ihnen sein.

(Woman) Gut dann: Auf Wiedersehen.]

18. (Narrator) [Number 18.] [Woher weiß der Mann, dass die Frau ein Auto zu verkaufen hat?]

(12 seconds)

- (A) Er hat es in der Zeitung gelesen.
- (B) Sie hat einen Brief an ihn geschrieben.
- (C) Seine Autowerkstatt hat es ihm gesagt.
- (D) Die Nachbarn haben es ihm erzählt.

19. (Narrator) [Number 19.] [Warum war das Auto in der Werkstatt?]

(12 seconds)

- (A) Weil es in einen Unfall verwickelt war.
- (B) Weil die Karosserie verkratzt war.
- (C) Weil die Tür auf der Fahrerseite nicht zuging.
- (D) Weil man die Fenster nicht schließen konnte.

20. (Narrator) [Number 20.] [Wann wird sich der Mann den Wagen ansehen?]

(12 seconds)

- (A) Kurz vor Feierabend
- (B) Nach der Arbeit
- (C) Am Morgen
- (D) Am Wochenende

21. (Narrator) [Number 21.] [Warum ist das Auto so gut wie neu?]

(12 seconds)

- (A) Weil es gerade aus der Werkstatt kam.
- (B) Weil es zur Inspektion muss.
- (C) Weil es nachts nicht auf der Straße steht.
- (D) Weil es über 45 000 km drauf hat.

# Italian

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find that there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

**Reminder:** The Italian test is given once a year in June.

## Skills Covered in the Context of the Italian Language

**Passage Completion:** These questions test your knowledge of commonly used vocabulary, appropriate idiomatic expressions, and language structure in the context of paragraphs.

**Sentence Completion:** These questions test your familiarity with grammatical structure and vocabulary.

**Reading Comprehension:** Reading comprehension questions test your understanding of the content of various selections taken from sources such as newspaper and magazine articles, fiction, historical works, advertisements, tickets, brochures, forms, and schedules. Commonly taught grammatical constructions are tested, and all questions reflect current standard Italian.

The test questions range in difficulty from elementary through advanced, although most questions are at the intermediate level.

## Recommended Preparation

The Subject Test in Italian allows for variation in language preparation. It is independent of particular textbooks or methods of instruction. Recommended preparation includes:

- Two to 4 years of Italian language study in high school or the equivalent
- Gradual development of competence in Italian over a period of years

FORMAT/CONTENT	Approximate % of Test
80–85 multiple-choice questions	
<b>Skills Measured</b>	
Vocabulary	30%
Structure	30%
Reading comprehension	40%

## Sample Questions

Three types of questions are used in the Italian Subject Test. All questions in the test are multiple-choice questions. For each question, choose the BEST response from the 4 choices offered.

## Part A

### Directions

In the following passage there are numbered blanks indicating that words or phrases have been omitted. For each numbered blank, four completions are provided. First read through the entire passage. Then, for each numbered blank, choose the completion that is most structurally and logically appropriate, given the context of the entire passage, and fill in the corresponding bubble on the answer sheet.

### Un paio di blue-jeans

Ho portato blue-jeans sin da quando se ne portavano pochissimi e comunque solo in vacanza. Li trovavo e li trovo molto (1) specie in viaggio perché non ci sono problemi di piega. Oggi si portano anche per bellezza, ma sono prima di tutto molto (2). Solo che da parecchi anni avevo dovuto (3) a questo piacere, perché ero ingrassato.

Recentemente, ho perso quel numero di (4) sufficiente per riprovare un blue-jeans quasi normale. Ho provato una dozzina di blue-jeans ed ogni (5) la commessa del negozio mi diceva: "Stringa, vedrà che poi si (6)." Finalmente ne ho trovato uno e sono partito, senza dover tirare indietro la pancia.

1. (A) colorati      (B) costosi  
                        (C) comodi      (D) stretti
2. (A) utili            (B) difficili  
                        (C) vecchi      (D) strani
3. (A) rinunciare      (B) rassegnarmi  
                        (C) consentire    (D) attenermi
4. (A) metri           (B) litri  
                        (C) chili         (D) chilometri
5. (A) cosa            (B) volta  
                        (C) modo       (D) giorno
6. (A) ritirano        (B) lavano  
                        (C) formano    (D) adattano

## Part B

### Directions

In each sentence or dialogue on the next page you will find a blank space indicating that a word or phrase has been omitted. Following each sentence are four completions. Of the four choices, select the one that best completes the sentence structurally and logically and fill in the corresponding bubble on the answer sheet. In some instances, choice (A) may consist of dashes; by choosing this option, you are indicating that no insertion is required to form a grammatically correct sentence.

7. Che ----- sconti!  
 (A) belli (B) begli  
 (C) belle (D) bei
8. Ti piacciono queste camicie? ----- ho comprate per Gianna.  
 (A) Le (B) La  
 (C) Gli (D) Li

## Part C

### Directions

Read the following texts carefully for comprehension. Each text is followed by a number of questions or incomplete statements. Select the answer or completion that is best according to the text and fill in the corresponding bubble on the answer sheet.

### Questions 9-10

 (B) Non si può prendere insieme ad altri medicinali.  
 (C) Non bisogna prenderne troppo.  
 (D) Non bisogna guidare dopo averlo preso.

### Questions 11-14

Cari lettori,

Gli scioperi dei treni hanno causato in questi giorni non pochi problemi. Ogni mattina mi sono alzato tendendo l'orecchio ai giornali radio, pronto ad adeguarmi ad ogni nuova circostanza, a muovermi in macchina (nebbia permettendo) o in aereo (scioperi, anche qui, permettendo). Ma non voglio lamentarmi degli scioperi.

Anch'io sono un lavoratore dipendente e so che è giusto farli, quando occorrono, salvo tutelare i diritti degli utenti. Quanto ai treni (ahimè!) lo sciopero non mi ha sconvolto più di tanto. So di non poter contare sulle nostre ferrovie al cento per cento, so che i ritardi, soprattutto su certe linee, sono piuttosto frequenti. Parlo per esperienza. Io ho molti parenti in Emilia e spesso ricevo le loro visite. Una volta andavo alla Stazione Centrale ad aspettarli. Ora, da almeno dieci anni, non lo faccio più, per non passare ore a vuoto in attesa di treni che non sono mai puntuali. Pazienza! Bisogna accettare ciò che passa il convento e rassegnarsi. Riuscirà la nuova linea che accorcerà le distanze tra Milano e Roma a risolvere la situazione? Me lo auguro.

E.F.

11. Chi scrive questa lettera?
- (A) Il padrone di una ditta  
 (B) Un controllore  
 (C) Un impiegato  
 (D) Un disoccupato
12. Cosa pensa degli scioperi l'autore della lettera?
- (A) Che sono illegali  
 (B) Che sono qualche volta giustificati  
 (C) Che dovrebbero essere aboliti  
 (D) Che sono sempre utili
13. L'autore considera lo sciopero dei treni con
- (A) allegria (B) incomprensione  
 (C) rabbia (D) rassegnazione
14. Dieci anni fa, E.F. ha deciso di
- (A) non aspettare più alla stazione  
 (B) lamentarsi degli scioperi  
 (C) non dare appoggio ai lavoratori  
 (D) non ascoltare la radio la mattina

### ANSWERS

The estimated difficulty level, on a scale of 1 to 5, with 1 the easiest and 5 the most difficult, is in parentheses.

# Japanese with Listening

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find that there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

**Remember to bring an acceptable CD player and fresh batteries with you on test day.** See page 5 for more information.

## Skills Covered in the Context of the Japanese Language

**Listening Comprehension:** These questions are based on short spoken dialogues and narratives, primarily about everyday topics. A brief explanation about each selection and the questions are given in English. Explanations are also printed in the test booklet.

**Usage:** These questions require you to complete Japanese sentences in a way that is appropriate in terms of structure (grammar), vocabulary, and context.

Usage questions are printed in 2 different ways of representing Japanese. In the left column, the Japanese is written in the most common type of Romanization (romaji), a modified Hepburn system. In the right column, the Japanese is presented in standard Japanese script with furigana for all kanji. You should choose the writing system you are familiar with and read only from that column on the test.

**Reading Comprehension:** The reading comprehension questions are in English and test your understanding of such points as main and supporting ideas. The selections in this section are taken from materials you might encounter in everyday situations, such as notes, menus, newspaper articles, advertisements, and letters. The text is written in *hiragana*, *katakana*, and *kanji* without *furigana*.

## Recommended Preparation

- Study of Japanese for 2 to 4 years in high school or the equivalent
- Gradual development of competence in Japanese over a period of years
- Review sample listening questions using an SAT Subject Test Practice CD your counselor can order from College Board

미국에 온 지 벌써 사 개월이 되었다.  
여기 생활에 익숙해질 때까지 적어도  
일 년쯤은 걸리지 않겠나 생각을 했는데,  
미국 사람들이 몹시 친절하고 또 우리 학교  
유학생 클럽에서 매주 한 번씩 미국 문화에  
대한 세미나가 있기 때문에, 지금은 여기  
생활에 조금도 불편을 느끼지 않을 정도가  
되었다. 미국에는 여러 민족이 함께 살기  
때문에, 다양한 문화를 이해하고 받아들이는  
것도 대단히 중요하다. 미국에 오기 전에  
사람들에게 영어를 꽤 팬찮게 한다는 칭찬도  
받아서 이 정도면 미국에 가서 큰 어려움은  
없지 않을까 생각했는데, 잘못된 생각이었다.  
역시 외국어는 그 나라 사람들하고 직접  
같이 생활하면서 늘 써 보기 전에는 자신을  
가질 수가 없다는 것을 알게 되었다.  
외국어를 배운다는 것은 그 나라 말만  
배우는 것이 아니라 사고방식, 문화까지  
다 포함한다는 것을 재삼 깨달았다.

14. How long did the writer think it would take to get used to American life?

- (A) About four months

# Latin

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find that there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

## Skills Covered in the Context of the Latin Language

- Select appropriate grammatical forms of Latin words.
- Choose Latin words that English words are derived from.
- Translate from Latin to English.
- Complete Latin sentences.
- Choose alternative ways of expressing the same thought in Latin.
- Answer a variety of questions based on short passages of prose or poetry.

The reading comprehension part has 30 to 37 questions based on 3 to 5 reading passages, at least 1 of which is a poetry passage. A set of questions following a poetry passage always includes 1 question requiring you to scan the first 4 feet of a line of dactylic hexameter verse or to determine the number of elisions in a line.

## Recommended Preparation

- Two to 4 years of Latin study in high school (the equivalent of 2 to 4 semesters in college)
- Gradual development of competence in sight-reading Latin over a period of years

# Spanish and Spanish with Listening

Questions cover topics emphasized in most high school courses. Because of course differences, most students will find that there are some questions on topics that aren't familiar to them. You may not be able to complete all the questions in the time given, but it isn't necessary to get every question correct to get a high score or even the highest score on the test.

If you are taking the Spanish with Listening Test, remember to bring an acceptable CD player and fresh batteries with you on test day. See page 5 for more information.

## Skills Covered in the Context of the Spanish Language

**Vocabulary and Structure Questions:** Some questions specifically test word meaning in the context of a sentence that reflects spoken or written language. Understanding of various parts of speech (nouns, verbs, adjectives, adverbs, etc.) and idiomatic expressions is tested. Other reading questions test vocabulary and grammatical usage in longer paragraphs.

**Reading Questions:** These questions are based on selections from prose fiction, historical works, and newspaper and magazine articles, as well as advertisements, flyers, and letters. They test points such as main and supporting ideas, themes, style, tone, and the spatial and temporal settings of a passage.

The listening section has 3 parts:

**Part A** questions ask you to identify the sentence that most accurately describes what is presented in a photograph or what someone in the photograph might say.

**Part B** questions test your ability to identify a plausible continuation of a short conversation.

**Part C** requires you to answer comprehension questions based on more extensive listening selections.

## Recommended Preparation

Both tests reflect general trends in high school curricula and are independent of particular textbooks or methods of instruction. Recommended preparation includes:

- Three to 4 years of study in high school or the equivalent (2 years for advanced courses)
- Gradual development of competence in Spanish over a period of years
- Review sample listening questions using an SAT Subject Test Practice CD your counselor can order from College Board, if you are taking the Spanish with Listening Test

# Acceptable and Unacceptable Calculators

## Types of Calculators Recommended

- Bring a calculator you're accustomed to using. Most graphing calculators and all scientific calculators (assuming they have no unacceptable features noted at right) are acceptable.
- We recommend the use of a graphing calculator over a scientific calculator** because a graphing calculator may provide an advantage on some questions.

## Unacceptable Calculators

Don't bring these unacceptable calculators:

- Laptops or other computers, tablets, mobile phones, or smartphones, smartwatches, or wearable technology
- Models that can access the Internet, have wireless, Bluetooth, cellular, audio/video recording and playing, camera, or any other smartphone-type feature
- Models that have typewriter-like keypad, pen-input, or stylus
- Models that use electrical outlets, make noise, or have a paper tape (unless approved by College Board as an accommodation)

In addition, the use of hardware peripherals such as a stylus with an approved calculator is not permitted. Some models with touch-screen capability are not permitted (e.g., Casio ClassPad).

## Graphing Calculators Permitted on the SAT Subject Tests in Mathematics

The following graphing calculators are permitted on the SAT Subject Tests in Mathematics, Levels 1 and 2:

Casio	Hewlett-Packard	Other
FX-6000 series	FX-9700 series	HP-9G
FX-6200 series	FX-9750 series	HP-28 series
FX-6300 series	FX-9860 series	HP-38G
FX-6500 series	CFX-9800 series	HP-39 series
FX-7000 series	CFX-9850 series	HP-40 series
FX-7300 series	CFX-9950 series	HP-48 series
FX-7400 series	CFX-9970 series	HP-49 series

# Additional Information About Testing

## Makeup Testing

During bad weather, natural disasters, power outages, or other unusual conditions, test centers may be closed. Check [sat.org/test-center-closings](https://sat.org/test-center-closings) for test center closings on Friday night and Saturday morning before you go to the test center. Information about makeup testing is posted as it's available. If a makeup date has been confirmed, that information is included.

The following policies apply to makeup testing:

- The availability of makeup testing and the conditions that make test takers eligible to take a makeup test are at the sole discretion of College Board.
- You may only take tests that you registered to take on the original date. During check-in only, you may be able to change your SAT Essay option, if the test coordinator can accommodate this request.
- Waitlist registrants are not eligible to take a makeup test.
- Sunday testing is offered for religious reasons only, not for makeup testing.
- Access to scores from makeup administrations may be delayed by several weeks.

## Verifying Your Scores

You can request a comprehensive multiple-choice hand-scored verification up to five months after the test date, by printing and completing a Request for SAT Score Verification form, available at [sat.org/verify-scores](https://sat.org/verify-scores). Read the information on the form carefully before requesting this service. There is a fee for this service. If you used a fee waiver to pay SAT Subject Test registration fees, the score verification fee will be reduced.

## Score Reporting

Score reports will be automatically sent to you and your high school and to the institutions you choose when you register.

- Each time you take the SAT, SAT with Essay, or an SAT Subject Test, the scores are added to your College Board record. All of your scores are reported to your high school.
- Score reports ordered with your registration include only the scores associated with the test date you're registered for. The first 4 registration score reports are free.
- You can order additional score reports. They'll be sent to your designated colleges 1–3 weeks after the request is received.

- If you want to change where your scores are sent, you have until 9 days after the published test date to alter your 4 free score reports at no charge. After that, you'll be charged the additional score report request fee for any added or changed report requests.

- Score Choice™ lets you choose which scores are sent.

## Score Choice

If you take more than one SAT Subject Test, you can have the option of Score Choice. With Score Choice, you can choose which scores you send to colleges. Choose by test date for the SAT and by individual test for SAT Subject Tests—but keep in mind that some colleges and scholarship programs require you to send all your scores.

This online service is optional. If you don't use Score Choice, we'll send all your SAT and SAT Subject Tests scores from your most recent six administrations. However, if you want only your highest scores to be seen, select Score Choice. Each school or program has its own deadlines and policies for how scores are used. Information is listed on the score-sending site for each participating institution, but check with the individual school or scholarship program to make sure you're following its guidelines. We're not responsible for the accuracy of the information or the consequences of your decisions.

## Sending Scores to College and University Systems

The reports received by you, your high school, and colleges contain scores that have been converted to College Board's 200–800-point scale. The SAT includes additional scores that offer insights into your skill levels. College Board doesn't use either your raw score or your reported scaled score by itself or in combination with any other information to predict your individual future academic performance at specific postsecondary institutions. However, College Board does help individual colleges and universities use and interpret SAT and SAT Subject Test scores. Test scores are the property of College Board.

In certain college and university systems, once you submit your score to one school, other schools in that system will also have access to your score. However, if you're applying to more than one school in a college or university system, it's still important for you to send your SAT scores to each individual school. If you're not sure whether the school you're applying to is part of such a system, contact the school's admission office.

Additionally, if you have decided to participate in Student Search Service, colleges and universities may identify you to provide you with materials about college admission and financial aid. Student Search Service does not report your course grades, test scores, or phone numbers to these organizations, but organizations can request student information based on a variety of criteria, which may include score range or other variables such as geographical location or expressed interests.

## **Keeping Scores on File**

Your test scores, your responses to the SAT Questionnaire, and related personal information that you provide to College Board become part of your student record and are kept indefinitely, unless you tested before entering the ninth grade. For requests to have a permanent College Board student record removed, individuals must call College Board Customer Service or write to College Board, Attention Customer Service. See the inside front cover of this guide for contact information.

80 Section 12. LIMITATIONS OF LIABILITY

80 Section 13. Severability

80 Section 14. Restricted Registrations

80 Section 15. Accessibility of these Terms and Conditions

These Terms and Conditions (“Terms and Conditions” or “Agreement”) are a legal contract between you and College Board (“College Board” or “we”). They set forth important rules and policies you must follow related to taking the SAT. Please read these carefully.

References to “SAT” refer to the SAT or the SAT with Essay, as well as SAT Subject Tests, unless otherwise noted.

All disputes between you and College Board will be resolved through binding arbitration in accordance with section 11 of this Agreement.

## Section 1. Certification

- (a) By registering for and/or taking the SAT, you certify that (i) you have read, understand, and agree to be bound and abide by these Terms and Conditions, and (ii) the information you provide to College Board is accurate.
- (b) If you register for the SAT on behalf of another (for example, a parent for the test taker), these Terms and Conditions govern both you and the test taker (collectively, “you”).

## Section 2. Photo Requirements for Weekend Testing

You must provide an acceptable photo when you register for the SAT in accordance with [sat.org/photo](#). The photo you provide when you register will appear on your admission ticket.

## Section 3. Admission to the Test Center for Weekend Testing

- (a) You must bring an acceptable photo ID and your admission ticket to be admitted to the test center in accordance with [sat.org/id](#).
- (b) Testing staff will compare the information on your admission ticket and your photo ID, as well as your appearance, with the test center roster to confirm your registration and identity.
- (c) Identification and Other Discrepancies. In our sole discretion, when there’s a discrepancy related to your identification and photograph on the admission ticket, or the photo doesn’t meet our requirements, or the information on your admission ticket and photo ID doesn’t match (for example, if your nickname is on one field but your full name is on another), you may be denied admission to or be dismissed from the test center; in addition, we may decline to score your test, or cancel your score.
- (d) For school day testing, you may be required to show an acceptable photo identification on test day.

## Section 4. Required and Prohibited Items for Testing

- (a) You **must bring** the following items to the SAT in accordance with [sat.org/test-day-checklist](#).
  - Printed admission ticket which is required for entry to the test center for weekend testing
  - Acceptable photo ID
  - Two No. 2 pencils that have soft erasers
  - Acceptable calculator (as set forth below) for math sections/tests where they are allowed
  - Acceptable battery-operated CD player with earphones for the Language with Listening Tests only—no power cords or portable stereos are permitted
  - Earphones, only if you’re approved for assistive technology-compatible or MP3 audio accommodations
  - Epinephrine auto-injector (e.g., EpiPen) in clear plastic bag if you need one

- (b) You **may not bring** prohibited items to the test. Prohibited items include but aren't limited to:
- Mobile phones, smartwatches, fitness trackers, or other wearable technology (simple nondigital watches are acceptable)
  - Audio players or recorders, tablets, laptops, notebooks, Bluetooth devices (e.g., wireless earbuds/headphones), or any other personal computing devices
  - Separate timers of any type
  - Cameras or any other photographic equipment
  - Pens, highlighters, or mechanical or colored pencils
  - Books or references of any kind
  - Compasses, rulers, protractors, or cutting devices
  - Papers of any kind, including scratch paper
  - Earplugs
  - Unacceptable calculators that have computer-style (QWERTY) keyboards, use paper tape, make noise, or use a power cord
  - Weapons and firearms
- (c) **Acceptable Calculators.** Only battery-operated, handheld equipment can be used for testing. No power cords are allowed. If you have a calculator with characters that are one inch or higher, or if your calculator has a raised display that might be visible to other test takers, you will be seated at the discretion of the testing staff. All scientific calculators, which can perform complex mathematical functions but don't have a graphing feature, are acceptable as long as they don't have any prohibited features. For a list of acceptable calculators, see [sat.org/calculators](http://sat.org/calculators). No other calculators are permitted.
- (d) If you do not bring the required items, or if you bring prohibited items, you may be denied admission to or be dismissed from the test center; in addition, we may decline to score your test, or cancel your score.

## Section 5. Prohibited Behaviors

- You **may not engage** in the following prohibited behaviors set forth below and located at [sat.org/test-security](http://sat.org/test-security):
- Attempt to cheat or otherwise obtain an unfair advantage on the SAT
- Take or attempt to take any test questions, essay topics, or any notes from the testing room, including through memorization, or give them to anyone else, or discuss them with anyone else through any means, including, but not limited to, email, text messages, or the internet
- At any time, improperly access the test center, the test, a part of the test, an answer key, or any information about the test
- Refer to, look through, or work on any test, or test section in the test book or answer sheet, other than during the testing period for that test or test section
- Refer to, or look through, any test or test section while leaving the answer sheet blank
- Attempt to give or receive assistance, including by copying or through the use of an answer key
- Discuss or share information about the test including questions, answers, identifying information about the version or form of a test, or any other information that might compromise the security of the test at any time (including before the test, during the test, during breaks, or after the test)
- Communicate with other test takers in any form while testing is in session
- Allow anyone to see the test questions or your answers or attempt to see or copy others' test questions or answers
- Consult notes, other people, electronic devices, textbooks or any other resources during the test or during breaks
- Use or access any prohibited items including devices or aids such as, but not limited to, mobile phones, smartwatches, other oral or written communication devices or wearable technology, cameras, notes and reference books, etc., during or in connection with the test, including during breaks
- Fail to turn in or store away a mobile phone in accordance with the test center's collection process
- Share a calculator with another person
- Use a calculator on a test or test section where they are not allowed
- Use a prohibited calculator
- Leave the testing room without permission and prior to the conclusion of all sections of the test
- Go to a locker or leave the building at any time during the test administration, including during breaks
- Deliberately attempt to and/or take the test for someone else or attempt to have someone else impersonate you to take the test
- Deliberately create fake or multiple College Board student accounts
- Submit an essay that does not reflect your original and individual work
- Provide false information to College Board
- Disturb others
- Consume food or drink in unauthorized areas
- Exhibit confrontational, threatening, or unruly behavior
- Allow an alarm or a personal item to sound in the test room

- Fail to follow any of the test administration rules set forth in these Terms and Conditions or in other registration materials, or directions given by the testing staff, or rules of the test center
- Violate the Intended Use Policy located at [sat.org/test-security](http://sat.org/test-security)

## Section 6. Score Cancellation and Disciplinary Measures

**(a) Score Cancellation and Disciplinary Measures.**

In the event that College Board or Educational Testing Service (“ETS”) determine that your scores are invalid under section 6(b) below, or you have engaged in Misconduct under section 6(c) below, we may, in our sole discretion, take one or more of the following measures (“Measures”): deny you entry to a test administration, dismiss you from the test, decline to score your test, cancel your scores, ban you from taking future College Board assessments (including without limitation the Advanced Placement (“AP”) exams), and/or share information with others as set forth in 6(f) on this page.

**CAUTION! THE CONSEQUENCES OF CHEATING ON THE SAT ARE SEVERE.**

- (b) Invalid Scores.** We may cancel your scores and/or take any of the other Measures described above, if after following the procedures set forth in this section, we determine, in our sole discretion, that there is substantial evidence that your scores are invalid (“*Invalid Scores*”). Examples of evidence of Invalid Scores include, without limitation, discrepant handwriting, unusual answer patterns, similar essays, or other evidence that violations of these Terms and Conditions may have occurred. Before canceling your scores under this Invalid Scores section, we will notify you in writing (via email if an email address is available) and provide you with an opportunity to submit written information to us to help resolve our inquiry. If after review of the information by a College Board review panel, it determines, in its sole discretion that your scores are invalid, we will offer you three options: voluntary score cancellation, a free retest under closely monitored conditions, or arbitration as set forth in the Arbitration of Disputes section in these Terms and Conditions. This process is referred to as the “*Score Validity Process*.” Additional information about the Score Validity Process is set forth at [sat.org/test-security](http://sat.org/test-security). The retest option is available only for tests administered in the United States, U.S. territories, and Canada. The arbitration option is available only for tests administered in the United States and U.S. Territories.
- (c) Misconduct.** Notwithstanding section 6(b) above, if we determine, in our sole discretion, that there is overwhelming evidence that you violated these Terms and Conditions (“*Misconduct*”), the Score Validity Process will not apply and we may cancel your scores and/or take any of the Measures

described above. An example of Misconduct might include overwhelming evidence that you used or attempted to use an answer key or mobile phone. Misconduct may be established in various ways including, without limitation, through observations during an administration, or by evidence discovered afterwards. If your scores are canceled due to Misconduct, you will forfeit test and registration fees.

- (d) Testing Irregularities.** We may cancel your scores if we determine, in our sole discretion, that a Testing Irregularity occurred (“*Testing Irregularities*”). Examples of Testing Irregularities include problems or irregular circumstances, or events associated with the administration of a test; they may affect one test taker or groups of test takers. Such problems include, without limitation, administrative errors (e.g., improper timing, improper seating, improper admission to a test center, providing accommodations not approved by College Board, defective materials, and defective equipment), evidence of possible preknowledge of secure test content, and disruptions of test administrations caused by events such as natural disasters, epidemics, wars, riots, civil disturbances, or other emergencies. When Testing Irregularities occur, we may cancel an entire administration or individual registrations, decline to score all or part of the test, or cancel scores. We may do this regardless of whether you caused the Testing Irregularities, benefited from them, or violated these Terms and Conditions. We may, in our sole discretion, give you a refund or the opportunity to take the test again within a reasonable timeframe, and without charge. These are the sole remedies that may be available to you as a result of Testing Irregularities. You may not review scores from an affected administration before choosing the option of taking a makeup test.
- (e) Test Taker Reporting Misconduct or Suspicious Behavior.** You may confidentially report any suspected violation of SAT Terms and Conditions, or any suspicion concerning the security of an SAT test administration, by immediately contacting the Office of Testing Integrity by phone at 609-406-5430 or 800-257-5123 (test day only), or by emailing us at [testsecurity@info.collegeboard.org](mailto:testsecurity@info.collegeboard.org).
- (f) College Board Sharing Information with Third Parties.** We may share the results of test security investigations (including without limitation those relating to Misconduct and Invalid Scores described on the previous page, and other disciplinary-related information), with third parties, including with your school, any score recipient, college, higher education institution or agency, scholarship organization, potential score recipient, government agency in the United States or abroad, parents, legal guardians, or law enforcement. College Board may also share such information with third parties that have a legitimate reason for knowing the information or who may be able to assist College Board in its investigation or

who may be conducting their own investigation. College Board may also respond to inquiries from any institution to whom you submitted a score. If you publicize any review, investigation or decision of College Board, College Board may make any and all details of such matter public.

## Section 7. Privacy

- (a) **Privacy Policies.** College Board recognizes the importance of protecting your privacy. Our privacy policies at [collegeboard.org/privacy-center](https://collegeboard.org/privacy-center) ("Privacy Policies") are part of these Terms and Conditions. You consent to College Board collection, use, and disclosure of your personally identifiable information described in the Privacy Policies and in these Terms and Conditions. College Board may update its Privacy Policies from time to time. You are required to review the Privacy Policies at [collegeboard.org/privacy-center](https://collegeboard.org/privacy-center) prior to each test administration, and if you do not agree with updates made, you can cancel your registration and get a partial refund.

(b) **Voluntary Student Search Service.**

If you decide to opt-in to our voluntary Student Search Service ("Search"), then:

We will share information about you that you provide to College Board (including without limitation your personally identifiable information, score ranges, questionnaire responses, and information you provide on the College Board college planning website Big Future™) with participating accredited colleges, universities, nonprofit scholarship programs, and nonprofit educational organizations ("Education Organizations"). We will do so in accordance with [studentsearch.collegeboard.org/about-your-data](https://studentsearch.collegeboard.org/about-your-data).

- Education Organizations will use this information to send you email and postal mail informing you about their educational, financial aid, and scholarship opportunities. Being contacted by Education Organizations doesn't mean you have been admitted. You must submit an application to be considered for admission.
- Education Organizations pay a license fee to College Board to license (use) your information. College Board uses these license fees to help support the mission-driven work. Students do not pay a fee for Search.
- Education Organizations may only use your information for the purpose of sending you information about their opportunities. They (i) may not share your information with others except to their contractors such as direct mail service providers, and (ii) may only keep your information for a limited time period.
- **Opt-out:** You can opt-out of Search at any time at [studentsearch.collegeboard.org/opt-out](https://studentsearch.collegeboard.org/opt-out) or by contacting us at [SearchCustomerService@collegeboard.org](mailto:SearchCustomerService@collegeboard.org) or 866-825-8051.

(c) **Scholarship Programs.** College Board automatically sends your scores and personally identifiable information to the U.S. government and state sponsored or administered scholarship and recognition programs listed here. This information is used by such programs to consider your eligibility for a scholarship or recognition program. If your mailing address or high school is in one of the states listed below, this information will be automatically sent by College Board to such programs.

- **Opt-out:** You can opt out by notifying College Board, in writing, no more than 15 days after the test date, at **College Board SAT Program, Attention: Confidentiality, P.O. Box 025505, Miami, FL 33102**

The programs are:

- US Presidential Scholars Program for test takers in all states, the District of Columbia, U.S. territories, and Puerto Rico, and for U.S. citizens abroad.
- State scholarship and recognition programs including those in the following states: Alaska, Georgia, Illinois, Kentucky, Michigan, Pennsylvania, Tennessee, and West Virginia.
- Participating scholarship and recognition programs may change at any time and these Terms and Conditions may not reflect the most current list of participants and states.

(d) **Educational Reporting.**

- We send your scores and other information you provide during testing to your school and district. In addition, your scores may be sent to your state for educational, diagnostic and/or reporting purposes. (Home schooled students' scores won't be shared with the school that administers the test.)
- When you request that we send your scores to colleges or other organizations as designated by you on your registration, answer sheet, and/or via your College Board account, we send your scores and other information you provide during testing to those colleges and organizations in accordance with [sat.org/scores](https://sat.org/scores).

## Section 8. Miscellaneous

- (a) If you want to voluntarily cancel your scores, your request must be received by the fourth weekday after a test administration in accordance with [sat.org/cancel-scores](https://sat.org/cancel-scores). Once you submit your request to cancel scores, your scores cannot be reinstated and are not reported to you or your designated institutions (e.g., colleges).
- (b) International test takers may be subject to additional requirements. Those requirements are located at [sat.org/international](https://sat.org/international). If QAS isn't available for your test date and testing location, you'll be notified and your fee will be refunded.

- (c) In certain cases, including where there is unexpected volume in a particular area or for test security or safety reasons, College Board reserves the right to move you to a different location or to a subsequent test administration.
- (d) In the event of a test security related concern, public health threat, natural disaster, terrorist act, civil unrest, or other unexpected events or circumstances, College Board may cancel testing for all or a specific group of test takers. When this occurs, College Board will notify you in advance if feasible. We will communicate test cancellations and, when feasible, alternative test dates for affected test takers.
- (e) To ensure the integrity of the SAT, for security reasons, or for other reasons in our sole discretion, College Board reserves the right to bar any individual or group of individuals from registering for and/or taking any College Board assessment.
- (f) If College Board becomes aware that you or someone else may be in imminent danger, including a determination based on the content of your essay, we reserve the right to contact the appropriate individuals or agencies, including your parents, guardians, high school, or law enforcement agencies. We might also provide the relevant essay or other content, along with any personal information, to those contacted.
- (g) College Board or its designee may use methods to capture images, video, or audio at any or all test centers to help ensure test security. The resulting images or recordings, which may permit College Board to identify specific individuals, may be collected, stored, reviewed, and used for the purposes of (1) identifying, collecting evidence of, and/or investigating possible SAT test security incidents; (2) enhancing SAT test security. These images and/or recordings are maintained following the test administration for as long as reasonably necessary for the purposes specified. Thereafter, the images and recordings are securely destroyed. College Board will not use or disclose such information except as described above, as requested by law enforcement, and/or as reasonably necessary to protect the rights and property of College Board or third parties.
- (h) College Board occasionally pretests new questions to determine if they should be included in a future SAT test. These questions may appear in any of the test sections, and testing time will be appropriately extended so you have time to answer them. They will not be included in computing your scores. Scored test items (questions) and entire test forms may be used in more than one test administration.
- (i) After the SAT, we may send you an email invitation requesting you to participate in a test experience survey or to answer sample test questions. If you provide us with an email address, you may receive an invitation via email. Participation is optional and will not affect your scores.
- (j) College Board takes steps to ensure that registration records are properly handled and processed, and that answer sheets are properly handled and scored. In the unlikely event of a problem with shipping or processing registration materials, answer sheets, or score reports, or with scoring the test, or score reporting, College Board will correct the error, if possible, and may schedule a makeup test for impacted test takers, or will provide a refund of the test fee. These are your sole remedies in relation to such issues. College Board has sole discretion in determining whether to score lost answer sheets that are eventually recovered.
- (k) All personal property brought into the test center, such as purses, bags, backpacks, mobile phones, and calculators and other electronic devices, may be subject to search at the discretion of College Board, ETS, and its testing staff. Searches may include the use of tools, such as metal detecting wands used on individuals and personal property or other methods, that detect prohibited devices and/or their use. College Board, ETS, and testing staff may confiscate and retain for a reasonable period of time any personal property suspected of having been used, or capable of being used, in violation of our test security and fairness policies, for further investigation.
- (l) College Board and the test center will not be responsible for personal property including prohibited items brought to the test center on test day that becomes lost, stolen, or damaged.
- (m) Each College Board contractor is a third-party beneficiary and is entitled to the rights and benefits under this Agreement and may enforce the provisions of this Agreement as if it were a party to this Agreement.

## Section 9. Policies and Requirements

- (a) All College Board policies and requirements (i) referenced in these Terms and Conditions and (ii) relating to registering for the SAT located at [sat.org/register](http://sat.org/register), taking the test located at [sat.org/taking-test](http://sat.org/taking-test) and scores located at [sat.org/scores](http://sat.org/scores) are part of these Terms and Conditions.
- (b) College Board may update its policies and requirements from time to time, and they are subject to change up to one week prior to your test date and any subsequent test dates for which you register. You are required to review these prior to each test administration.

## Section 10. Intellectual Property Rights

- (a) All College Board tests, test-related documents and materials and test preparation materials are copyrighted works owned by College Board and protected by the laws of the United States and other Countries.
- (b) College Board owns all answers and answer documents you submit including all essay responses, and these may be used by College Board for any purpose, subject to College Board Privacy Policies at [collegeboard.org/privacy-center](http://collegeboard.org/privacy-center) and these Terms and Conditions.

## Section 11. ARBITRATION OF DISPUTES

- (a) General Arbitration Rules ("General Arbitration Rules")
  - All disputes between you and College Board and/or any or all of its contractors, that relate in any way to registering for or taking the SAT, including but not limited to requesting or receiving test accommodations, score reporting, the use of your data, test security issues, or the Score Validity Process, but excluding all claims that a party violated the intellectual property rights of the other party, shall exclusively be resolved by a single arbitrator through binding, individual arbitration administered by the American Arbitration Association ("AAA") under the AAA Consumer Arbitration Rules in effect at the time a request for arbitration is filed with the AAA. Copies of the AAA Rules can be located at [adr.org](http://adr.org).
  - Disputes relating to the Score Validity Process (defined in the "Invalid Scores" section above) are subject to both these General Arbitration Rules and the Supplemental Arbitration Rules defined below. If there is a conflict between the General Arbitration Rules and the Supplemental Arbitration Rules, the Supplemental Arbitration Rules will control.
  - The proceedings should be conducted at a location which is reasonably convenient to both parties with due consideration of their ability to travel and other pertinent circumstances. If the parties are unable to agree on a location, the parties agree that the proceedings will be conducted through documentary submissions and/or via a video or telephonic call or, in the event that face-to-face proceedings are agreed to by the parties or required by the arbitrator, at a location that is reasonably convenient to both parties in accordance with the AAA Consumer Arbitration Rules.
  - The parties agree that the Federal Arbitration Act ("FAA") 9 U.S.C. § 1 et seq. governs this provision, and it is the intent of the parties that the FAA shall pre-empt all State laws to the fullest extent permitted by law.
  - No arbitration may be maintained as a class or collective action, and the arbitrator shall not have the authority to combine or aggregate the disputes of more than one individual, conduct any class or
- (b) Supplemental Arbitration Rules for the Score Validity Process ("Supplemental Arbitration Rules")
  - If you receive a notice from us that your scores are subject to the Score Validity Process, you may be provided with the option to choose arbitration. In addition to the General Arbitration Rules, the below rules will apply.
    - This arbitration will be conducted as a documents-only arbitration (i.e., there will be no in-person or telephone hearing) unless otherwise agreed by the parties or required by the arbitrator.
    - The sole issue for the arbitrator to decide is whether College Board acted in good faith and followed the Score Validity Process.
    - This arbitration will be based only on (i) the documents you submitted to College Board pursuant to the Score Validity Process and (ii) College Board documents unless otherwise agreed by the parties or required by the arbitrator.
    - If the arbitrator finds that College Board did not act in good faith in deciding to cancel your scores, your scores will not be canceled (or they will be reinstated, if applicable).
    - All other disputes with College Board will be resolved solely by the General Arbitration Rules in (a) above only.
  - (c) Notwithstanding the foregoing arbitration provisions in sections (a) and (b) above, either party may take a claim to small claims court instead of arbitration if the party's claim is within the jurisdiction of the small claims court, as permitted in the AAA Rules. If either party institutes an action in small claims court, you and College Board agree to accept the findings of the small claims court as a final resolution of the parties' dispute and not to appeal the small claims court's decision or pursue any other claim (including a claim asserted in arbitration) relating to that dispute.

collective proceeding, make any class or collective award, or make an award to any person or entity not a party to the arbitration, without the express written consent of College Board.

- By agreeing to arbitration in accordance with this section, you are waiving your right to have your dispute heard by a judge or jury except as set forth below.
- Each party will be responsible for its own fees and expenses and any legal fees incurred in connection with the arbitration except that College Board will pay your AAA filing fee. This does not preclude the arbitrator from granting relief in accordance with AAA Consumer Arbitration Rules.
- (b) Supplemental Arbitration Rules for the Score Validity Process ("Supplemental Arbitration Rules")
  - If you receive a notice from us that your scores are subject to the Score Validity Process, you may be provided with the option to choose arbitration. In addition to the General Arbitration Rules, the below rules will apply.
    - This arbitration will be conducted as a documents-only arbitration (i.e., there will be no in-person or telephone hearing) unless otherwise agreed by the parties or required by the arbitrator.
    - The sole issue for the arbitrator to decide is whether College Board acted in good faith and followed the Score Validity Process.
    - This arbitration will be based only on (i) the documents you submitted to College Board pursuant to the Score Validity Process and (ii) College Board documents unless otherwise agreed by the parties or required by the arbitrator.
    - If the arbitrator finds that College Board did not act in good faith in deciding to cancel your scores, your scores will not be canceled (or they will be reinstated, if applicable).
    - All other disputes with College Board will be resolved solely by the General Arbitration Rules in (a) above only.
  - (c) Notwithstanding the foregoing arbitration provisions in sections (a) and (b) above, either party may take a claim to small claims court instead of arbitration if the party's claim is within the jurisdiction of the small claims court, as permitted in the AAA Rules. If either party institutes an action in small claims court, you and College Board agree to accept the findings of the small claims court as a final resolution of the parties' dispute and not to appeal the small claims court's decision or pursue any other claim (including a claim asserted in arbitration) relating to that dispute.

## **Section 12. LIMITATIONS OF LIABILITY**

EXCEPT TO THE EXTENT FINALLY DETERMINED TO BE PROHIBITED BY LAW, COLLEGE BOARD AND ITS AGENTS AND CONTRACTORS' TOTAL LIABILITY TO YOU OR ANYONE CLAIMING BY OR THROUGH YOU OR ON YOUR BEHALF, FOR ANY CLAIMS, LOSSES, COSTS OR DAMAGES ARISING OUT OF OR RESULTING FROM OR IN ANY WAY RELATED TO COLLEGE BOARD, OR ANY TEST ADMINISTRATION BY COLLEGE BOARD, FROM ANY CAUSE, SHALL NOT EXCEED THE TEST REGISTRATION FEES YOU PAID TO COLLEGE BOARD OR \$100.00, WHICHEVER IS GREATER. IN ADDITION, COLLEGE BOARD WILL NOT BE LIABLE IN ANY EVENT FOR ANY CONSEQUENTIAL, INDIRECT, PUNITIVE, EXEMPLARY, OR SPECIAL DAMAGES.

## **Section 13. Severability**

If any provision or part of this Agreement is held to be invalid, illegal, or unenforceable, the remaining provision will nevertheless continue in full force without being impaired or invalidated in any way and to the extent possible, the invalid, illegal, or unenforceable provision shall be modified so that it is valid, legal and enforceable and, to the fullest extent, reflects the intention of the parties.

## **Section 14. Restricted Registrations**

College Board, along with our service providers overseas, is subject to U.S. economic sanctions, laws, and regulations and is prohibited from providing testing services to, or accepting registrations from, persons residing in certain areas or designated by the U.S. government as Specially Designated Nationals and Blocked Persons (collectively, "Sanctioned Persons"), unless specifically licensed or otherwise authorized by the U.S. government. If a Sanctioned Person attempts to register despite U.S. sanctions that prohibit College Board from doing business with such Sanctioned Person, College Board or a U.S. financial institution may block the registration or payments submitted by or for such Sanctioned Persons. If payment is not blocked, College Board is required to cancel the registration and may not be able to refund the payment. Please contact SAT Customer Service at 866-756-7346 (+1-212-713-7789 internationally) or the website of the U.S. Treasury Department's Office of Foreign Assets Control (OFAC) to obtain the current list of sanctioned programs and Sanctioned Persons ([treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx](http://treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx)).

## **Section 15. Accessibility of These Terms and Conditions**

If you have difficulty accessing these Terms and Conditions, including our policies and requirements, please contact College Board Customer Service at 866-756-7346 (+1-212-713-7789 internationally) or [sat.org/contacts](http://sat.org/contacts) in advance of registering or taking the SAT. We will be happy to provide these Terms and Conditions in an alternative format or assist you in some other manner as reasonably necessary to enable you to access these Terms and Conditions.
